SCALP HUMOR
CURED BY CUTICURA
I was suffering tortures from a diseased scalp. I was scratching my head from morning till night. Little pimples broke out all over my head. I had no rest. I washed my head with hot water and CUTICURA SOAP, and applied CUTICURA as a dressing. Now my head hasn't a pimple on it, and my hair is growing splendidly. ADA C. HARRELL, 330 Grand St., Jersey City, N. J.
I thought I would go frantic with itching scaly humors. I lost considerable of my hair of which I had an abundance. I tried several remedies, they failed. I tried CUTICURA SOAP, relief immediate, itching completely gone. Mrs. M. JUDAH, 246 Halliday St., Jersey City.

TIRED OF THE WAR.

Spanish Officers Desert and Flee Within Shafter's Lines.

LINARES TO BE GIVEN TIME TO SURRENDER

WASHINGTON, July 7.—Advices received here this morning from General Shafter announce that a number of high Spanish officers are deserting across the lines at Santiago into the American camps. This act is regarded here as highly significant of an early surrender.

MADRID HEARS THAT THE FIGHTING IS RENEWED.

MADRID, July 7.—10 A. M.—A rumor is current here to the effect that the bombardment of Santiago de Cuba has commenced. The Spanish batteries are said to be replying vigorously.

DEWEY DID NOT FIRE ON A GERMAN SHIP.

WASHINGTON, July 7.—The last advices from Admiral Dewey received here were dated July 4. As they make no mention of trouble with Germany, the rumor that he had fired on a German vessel is pronounced baseless. No advices could have reached a cable station since July 4.

WATSON'S FLEET TO LEAVE AT ONCE.

WASHINGTON, July 7.—4 p. m.—Secretary Long has just cabled Admiral Sampson ordering him to detach immediately Commodore Watson's squadron and directing him to proceed at once upon his mission. The vessels will be the Iowa, Oregon, Newark and three cruisers, besides coal ships.

WILL WAIT FOR LINARES TO QUIT.

WASHINGTON, July 7.—It is learned from high source that the war conference today was held for the purpose of going over the situation at Santiago and that no disposition to rush an attack on the city was shown. It is stated that the administration is reasonably well satisfied with the present situation and has no desire to precipitate affairs there at a costly sacrifice of lives or ships.

It is confidently believed that General Linares will surrender when he sees that the American army is to be reinforced by 15,000 or 20,000 men. No intimation to this effect has been received from any quarter, but the officials believe that the Spanish general will see the utter hopelessness of the situation and yield to the inevitable.

If, however, the Spaniards persist in needlessly sacrificing the lives of their own men and ours all the strength of the army and navy will be hurled against them with a view to putting an end to the struggle in the shortest possible time. The question of directing General Miles to take command of the Porto Rican expedition was not brought up in the conference, nor were any matters discussed that did not directly pertain to operations in front of Santiago.

MILES STARTS AT ONCE FOR CUBA.

WASHINGTON, D. C., July 7.—General Miles and staff will leave here at 10:45 o'clock tonight on a special train over the Southern railway, going to Charleston, S. C., where he will take a transport vessel for Santiago.

STARVING REFUGEES FLEE FROM SANTIAGO.

(Copyrighted, 1898, by the Associated Press.)

EL CANEY, near Santiago de Cuba, July 6, 4 p. m., by the Associated Press dispatch boat Wanda, via Port Antonia and Kingston, Jamaica, July 7, 10:45 a. m.—Between 12,000 and 15,000 innocent victims of the war have fled here in wild panic to escape the terrors of the threatened bombardment of Santiago, and they are now confronted by the horrors of starvation.

In their helpless condition they are appealing to General Shafter for succor. Most of them are foreigners, principally Frenchmen or with an admixture of foreign blood, and their interests are being looked after by their consuls. When they were informed yesterday that General Toral refused to consider the question of surrendering they swarmed out of the north gate of the city all day and trudged through the blazing sun over the road which in places was ankle deep in mud. Tottering old men and women were supported by children, and mothers with babes at their breasts struggled on toward El Caney, San Luis and other towns. Most of them came here last night, and over 5,000 of them slept in the village which, under ordinary circumstances, hardly accommodates 300 people. They were crowded together in the houses, upon the verandas and in the streets. At daylight those who had been overtaken by darkness on the wayside began to pour in and at this hour they are still coming. Already more than 15,000 are here.

They were not allowed to bring food with them, and those who have money are as destitute as those who are without. Rich and poor, cultured and ignorant, white and black, are huddled together, choking the walks between the houses with guant despair written on their countenance. The ignorant desire only to be fed and the cultured want to get away anywhere, anyhow, away from the war which has driven them from their homes.

Pathetic sights are witnessed on all sides. There are women of good birth and education supported by frail girls who hide their faces from the vulgar gaze of others who surge about them. In the eyes of both mothers and daughters is the haunted look which wild animals have when driven to bay.

HEAVY BATTERIES ORDERED TO SANTIAGO.

WASHINGTON, July 7.—With a view of giving General Shafter the benefit of more heavy artillery, orders were issued today for the immediate departure of four heavy batteries to Tampa for transportation to Santiago at once. These batteries are K, of the Seventh artillery at Willets Point, D, of the Fourth artillery at Fort McHenry, Md., and H and K, of the Second artillery, at Fort Adams, and elsewhere in Rhode Island. Rush orders were given to each of these batteries and it is expected that they will start for Tampa today.

DESTRUCTION OF THE REINA MERCEDES.

WASHINGTON, July 7.—Admiral Sampson has telegraphed the navy department as follows from his flagship New York, off Santiago, dated yesterday:

"About midnight last night the Reina Mercedes was seen by the Massachusetts, which vessel had a searchlight on the channel, coming out of the harbor of Santiago. The Massachusetts and Texas opened fire and the Spanish vessel was sunk opposite Estrella cove. I am inclined to think it was the intention to sink her in the channel and thus block the harbor entrance. If so this plan was defeated by the fire of the ships, as she lies on the edge of the shore."

"That Awful Crowd."

Last evening, at the home of Mr. and Mrs. J. D. Brady, No. 8 Burgess street, occurred the organization of a new club, which will be known as "That Awful Crowd," with a charter membership of twelve. The club will meet every other Friday evening beginning with July 15th, their sole object being to draw out the funny side of life. The role will be doubled before the membership limit is reached, and, fortunate indeed, will be those who are chosen to complete the list, and wear the colors pink and white with the carnation as their floral emblem. There will be an election of officers at the next meeting, after which "That Awful Crowd" expects to have some terrible times.

URGE HER TO PEACE.

Newspapers Throughout Europe Counsel Spain.

Sagasta's Cabinet Soon To Be Superseded.

A New Government Will Have to End the War.

It Is Learned From Madrid That Admiral Villamil Was Killed in Sunday's Naval Battle.

LONDON, July 7.—The newspapers throughout Europe today are urging Spain to sue for peace. It is generally recognized that Senor Sagasta's cabinet will shortly be suspended.

The difficulty in the way of peace is the army, which is anxious to retrieve the failure of the navy.

RESIGN RATHER THAN SEEK PEACE.

MADRID, July 7.—10 A. M.—A Spanish cabinet minister is quoted in an interview as saying that the present government of Spain will devote itself solely to the defense of the Spanish coasts, and that if negotiations for peace must be opened, they will have to be conducted by another government.

ADMIRAL VILLAMIL AMONG THE DEAD.

MADRID, July 7.—10 A. M.—The cabinet is of the opinion that the fleet of Admiral Camara should continue its voyage to the Philippine islands.

The government has received a telegram from Admiral Cervera announcing the death of Admiral Villamil, who was in command of the Spanish torpedo boat squadron at Santiago de Cuba, and the suicide of Captain Lazaga, the commander of the Infanta Maria Teresa.

RUMORS THAT SPAIN WILL SEEK PEACE.

WASHINGTON, D. C., July 7.—Unofficial advises to the administration from sources heretofore accurate say Spain will sue for peace this week. At the same time no such suggestion from Spain, direct or indirect, has been received. The government will listen if approached in a proper spirit.

MUST FIGHT TO SAVE HER GOOD REPUTE.

MADRID, July 7.—3 P. M.—A minister, after the cabinet meeting today, declared that if Admiral Cervera had succeeded in escaping the Spaniards would have sued for peace. But, he added, in view of the destruction of the Spanish fleet the war must be continued, lest Spain be accused of cowardice or fear.

Dispatches received here from official sources at Havana announced that there is an enthusiastic desire to continue the war.

ADJOURNS TOMORROW.

House of Representatives Passes the Necessary Resolution.

WASHINGTON, July 7.—Speaker Reed had not returned to Washington today and in his absence, Mr. Payne, republican, of New York, was designated to preside over the house. The galleries were filled with members of the National Educational association, now holding its meeting in this city.

Mr. Dalzell, republican, of Pennsylvania, offered from the committee on ways and means, a concurrent resolution providing for final adjournment of the session of congress at 2 o'clock tomorrow. It was immediately passed and generally applauded by the members.

HOBSON A FREE MAN.

Exchange of the Hero and His Gallant Crew Has Been Made.

HOBSON RECEIVED WITH WILDEST DELIGHT

(Copyrighted, 1898, by the Associated Press.)

OFF JURAGUA, July 6, evening, by the Associated Press Dispatch Boat Wanda, to Port Antonio, Jamaica, July 7, via Kingston, Jamaica, July 7 (7:30 a. m.)—Assistant Naval Constructor Richmond P. Hobson, of the flagship New York, and the seven seamen who, with him, sailed the collier Merrimac into the channel of the harbor of Santiago de Cuba on June 3 last and sunk her there, were surrendered by the Spanish military authorities today, in exchange for prisoners captured by the American forces.

Hobson and his men were escorted through the American lines by Captain Chadwick, of the New York, who was awaiting them. Every step of their journey was met by the wildest demonstrations on the part of the American soldiers, who threw aside all semblance of order, scrambled out of the entrenchments, knocked over tent guys and other camp paraphernalia in their eagerness to see the returning heroes, and sent up cheer after cheer for the men who had passed safely through the jaws of death to serve their country.

The same scenes of enthusiasm were repeated upon the arrival of the men at the hospital station and at our base at Juragua.

Hobson, who reached there in advance of his companions, was taken on board the New York immediately. The flagship's decks were lined with officers and men, and, as Hobson clambored up her side and stepped on board his vessel, the harbor rang with the shouts and cheers of his comrades, which were reechoed by the crews of a dozen transports lying near by.

Hobson had little to say in regard to his experiences, except that he and his companions had been well treated by the Spaniards and that they were in excellent health.

The Spanish authorities consented this morning to exchange Hobson and his men and a truce was established for that purpose. The place selected for the exchange was under a tree between the American and Spanish lines, two-thirds of a mile beyond the entrenchments occupied by Colonel Woods' rough riders, near General Wheeler's headquarters, and in the center of the American line. The American prisoners left the Reina Mercedes hospital, on the outskirts of Santiago, where they had been confined, at 2:15 this afternoon, in charge of Major Ireles, a Spanish staff officer, who speaks English perfectly.

The prisoners were conducted to the meeting place on foot, but were not blindfolded. Colonel John Jacob Astor and Lieutenant Miloy, accompanied by Interpreter Maestro, were in charge of the Spanish prisoners. These consisted of Lieutenants Amelio Volez and Aurilius, a German belonging to the Twenty-ninth regular infantry, who were captured at El Caney on Friday last, and Lieutenant Adolfo Aries, of the First Provisional regiment of Barcelona, one of the most aristocratic military organizations of the Spanish army, and fourteen non-commissioned officers and privates.

Lieutenant Aries and a number of the men were wounded in the fight at El Caney. The Spanish prisoners were taken through the American lines mounted and blindfolded. The meeting between Colonel Astor and Major Irles was extremely courteous but very formal and no attempt was made by either of them to discuss anything but the matter in hand.

Major Irles was given his choice of three Spanish lieutenants in exchange for Hobson and was also informed that he could have all of the fourteen men in exchange for the American sailors. The Spanish officers selected Lieutenant Aries, and the other two Spanish officers were conducted back to Juragua.

It was then not later than 4 o'clock, and just as everything was finished and the two parties were separating, Major Ireles turned and said courteously enough but in a tone which indicated considerable defiance, and gave his hearers the impression that he desired hostilities to be renewed at once.

"Our understanding is, gentlemen, that this truce comes to an end at 5 o'clock."

Colonel Astor looked at his watch, bowed to the Spanish officer without making a reply and then started back slowly to the American lines, with Hobson and his companions following.

The meeting of the two parties and the exchange of prisoners had taken place in full view of both the American and Spanish soldiers who were entrenched near the meeting place and the keenest interest was taken in the episode.

SHAFTER ANNOUNCES EXCHANGE OF HOBSON.

WASHINGTON, July 7.—General Shafter's telegram announcing the exchange of Lieutenant Hobson and his men is as follows:

"Playa del Este, July 7.—Secretary of War, Washington.—Headquarters Fifth Army Corps, Cuba, July 6.—Lieutenant Hobson and all of his men have just been received safely in exchange for Spanish officers and prisoners taken by United States. All in good health except two seamen convalescing from remittent fever. SHAFTER,
"Major General Commanding."

HOW HOBSON'S PARENTS RECEIVED THE NEWS.

GREENSBORO, Ala., July 7.—It was nearly 10 o'clock this morning when the diminutive lad who carries messages for the telegraph company ran up the walks into the house of James M. Hobson, bearing an Associated Press telegram.

Mr. Hobson threw down his morning paper and, opening the envelope, read its contents.

His face flushed with pleasure as he stepped quickly to another part of the house, calling Mrs. Hobson's name as he went. She soon responded and in a twinkling the family was in possession of the information that their brave son Richmond, who sailed the Merrimac into the harbor of Santiago, had been exchanged, and was in the hands of his friends.

The family were overjoyed and for a moment tears came to the eyes of the aged mother. Mr. Hobson then inscribed this telegram to the Associated Press:

"Accept warmest thanks for your kind message. It has lifted from our minds a heavy weight of anxiety."

The little town was soon informed of the good news and business was suspended while the tidings were discussed and speculation engaged as to how soon Greensboro would see the hero of the Merrimac.

ON THE L'BOURGOGNE.

Arabians Enroute From Fort Wayne to Damascus Lost Their Lives.

Salem Bashara, the prominent Arab who conducts a business house on East Columbia street, yesterday afternoon received a telegram from Jube Damose, dated Halifax, in which the sender stated that thirteen of the sixteen Arabians who left Fort Wayne last week for Damascus lost their lives on the L'Bourgogne. The two saved besides Damose were John Jaady and Ellisa Abdalla. The other members of the party were: Shekralla Bos, Shaheen Haage, Salem Haage, George Azeez, Salem Mofarege, George Eade, Asa Barahat, Mike Jezaar, Nekola Theeb, Mrs. Shakreena Mofarege, Miss Mary Azeez, Miss Gareeba Rezk and Salem Malick.

The Arabs were en route home to settle up their affairs and then return to America to live. Six of them were to have been married, and expected to bring their brides to America.

Salem Malick, one of the unfortunates, was an intelligent man, and it was his intention, when he returned home, to give lectures upon "The Syrians, Their Country and Mode of Living." He was provided with a photographer's outfit, and intended, he said, to take a lot of pictures in his native country and have them prepared for stereopticon views for use in his lectures. Malick's mother resides not far from Damascus, and he anticipated much pleasure from a visit with her. His sweetheart remained in Fort Wayne, fondly looking forward to his return, when she was to become his bride. The departure of these Syrians last week was an affecting scene. They embraced those to be left behind in a most affectionate manner, and when the train pulled out of the station strong men wept as they waved their hands at the dark faces of their countrymen at the windows of the coaches.

Miss Katie Zehendner, of Lakeside, is enjoying an outing at Maxinkuckee lake for a few days.

TO HOIST THE FLAG.

Cruiser Philadelphia Ordered to Hawaii.

Will Gather the Islands Into the Union.

The Ship to Sail in a Very Few Days.

The President Will at Once Appoint a Commission to Frame Laws for Hawaiians.

WASHINGTON, July 7.—Secretary Long today gave orders for the departure of the Philadelphia from Mare island for Hawaii. She will carry the flag of the United States to those islands and include them within the Union. Admiral Miller, commanding the Pacific station, who is now at Mare Island, will be charged with this function of hoisting the flag that was hauled down by Commissioner Blount.

The ship will be ready for sea in a very few days under the secretary's orders, and should make the trip in a week. Meanwhile the president will appoint a commission immediately to frame the laws necessary for the changed condition of affairs in Hawaii. This must be done before the adjournment of congress, as the commissioners are subject to confirmation.

ADMIRAL DEWEY SAYS TROOPS HAVE LANDED.

WASHINGTON, D. C., July 7.—The navy department has received the following cablegram from Admiral Dewey:

"Cavite, July 4, via. Hong Kong, July 7.—United States troops have been comfortably housed at Cavite, Luzon island. Insurgents still active. Aguinaldo proclaimed himself president of the revolutionary republic on July 1. DEWEY."

MANILA EXPEDITION LEAVES HONOLULU.

HONOLULU, June 23, via. San Francisco, July 7.—The second fleet of transports arrived here June 23 and sailed for Manila June 25. The Monterey and collier Brutus arrived June 24 and left for Manila June 29. The trip was successful, the Monterey going under her own steam until June 18, when Brutus took her in tow.

ALL IS QUIET AT CITY OF MANILA.

HONG KONG, July 7.—The British collier Eddie, which left Manila on July 3, arrived here today. She reports that no attack had been made upon that town up to the time of her leaving there. Four German, three British, two French and one Japanese warships were then at Manila.

CUBANS DID NOT KILL SPANISH PRISONERS.

WASHINGTON, July 7.—The war department today posted the following dispatch from General Shafter, received in response to an inquiry as to the reported killing of Spanish prisoners by Cubans:

"PLAYA DEL ESTE, July 7.—Honorable Secretary War, Washington.—Dispatch as to killing prisoners by Cubans is absolutely false. No prisoners have been turned over to them, and they have shown no disposition to treat badly any Spaniards who have fallen into their hands. "SHAFTER,
Major-General Commanding."

LIEUT. BALDWIN.

Our Merch Appointed to Office Today.

Will Serve His Country as a Second Lieutenant in the Volunteer Signal Corps.

THE SENTINEL is in receipt of an Associated Press dispatch from Washington, giving the names of a number of appointments to positions in the Volunteer signal corps. Among them is that of Merchant H. Baldwin, of Fort Wayne, who will be a second lieutenant in that department. Mr. Baldwin is the well known Nickel Plate train dispatcher. He applied for a position in the signal service several weeks ago and received assurance from Mr. Fairbanks that his application would be personally looked after and the senator has fulfilled his promise.

Some weeks ago it was announced by an evening contemporary in this city that the appointment expected by Mr. Baldwin had been conferred upon another and that the genial and patriotic train dispatcher would not be given a place in the army. Mr. Baldwin's friends, however, have felt confident that he would not be overlooked.

An interesting event which enlisted the patriotic attention of the people of Romo City took place a day or two ago in that pretty watering place when a flagstaff was raised at the cottage of Peter Henkenius, of Fort Wayne. The pole is of genuine Jacksonian hickory and the flag which floats from its peak is the glorious stars and stripes.

WAS BLANCO'S ORDER

The General Compelled Cervera to Sail From Santiago.

TEXT OF SPANISH ADMIRAL'S REPORT.

WASHINGTON, July 7.—The war department has received the report of Admiral Cervera to General Blanco on the disastrous naval fight to the Spanish cause off Santiago. It is as follows:

"To the General-in-chief, Havana: In compliance with your orders I went out yesterday from Santiago de Cuba with all the squadron, and, after an unequalled combat against forces more than triple mine, had all my squadron destroyed by fire, Teresa, Oquendo and Vizcaya beached and Colon fleeing. I accordingly informed the Americans and went ashore and gave myself up. The torpedo chasers foundered. I don't know how many were lost, but it will surely reach 500 dead and many wounded.

"Although not in such great numbers, the living are prisoners of the Americans. The conduct of the crew rose to a height that won the most enthusiastic plaudits of the enemy. The commander of the Vizcaya surrendered his vessel. His crew are very grateful for the noble generosity with which they are treated. Among the dead is Villamil and I believe Lazaga (Spelling uncertain) and among the wounded Concas and Eulate. We have lost all and are necessarily depressed.
"CERVERA."

CERVERA TREATED WITH EVERY CONSIDERATION.

(Copyright, 1898, by the Associated Press.)

HEADQUARTERS OF GENERAL SHAFTER, Tuesday, July 5, per the Associated Press dispatch boat Dandy, via Port Antonio and Kingston, Jamaica, July 6.—5 p. m.—Admiral Cervera, who was transferred from the Gloucester to the battleship Iowa, is being treated with every consideration. In brief interviews today he stated that he was ordered to leave the harbor, but refused to say from whom the orders came.

Today's estimate of the Spanish loss in the naval battle is placed at 1,200 killed and 1,500 captured, against which stands an American loss of one killed and two wounded.

General Young, who has been very ill with a fever for the past week, left for the United States on the transport Cherokee today. It is not believed that his illness will result fatally, but his physician said there could be no hope for his recovery if he remained in Cuba. Dr. Guiteras has a large number of cases in his fever hospital, but there is not the slightest indication of yellow fever, most cases being malaria, typhoid and measles.

PRISONERS OF THE CRISTOBAL COLON.

(Copyright, 1898, by the Associated Press.)

GUANTANAMO, Monday, July 4, 6 p. m., per the Associated Press dispatch boat Dandy, via Kingston, Jamaica, July 6, 6 p. m.—(Delayed in Transmission.) — The steamer Resolute arrived today with 509 prisoners, including eighteen of the officers and crew of the Spanish cruiser Cristobal Colon.

The disposition of the prisoners has not yet been decided on. The number of killed and wounded on the Cristobal Colon was very small.

Officers of the American vessels which were in pursuit of her say that as it was a question of only a short time when the Cristobal Colon should be compelled to surrender or run ashore, they ceased firing on her, and only three of her crew were killed (all sailors) and thirteen were wounded.

Before running their ship ashore and hoisting the white flag they opened the Kingston valves on board the Colon and threw overboard the breech blocks of every gun, including those of their Mauser rifles. The captured Spaniards were remarkably cheerful.

The officers say they had nothing to eat for twenty-four hours before the destruction of the fleet, and in order to get the men to their posts large amounts of liquor were given out.

Many of the captured sailors still showed the effects of drink when put on board the Resolute.

The Spanish officers say the order to sail was given by the ministry of marine at Madrid, and they decided to make an attempt to escape on Saturday night, but it was postponed until Sunday morning, for the reason that "quarters inspection" would be held at that time and the Americans would not be at their guns.

None of the Spaniards expected to be alive at noon on Sunday, believing the destruction of the fleet to be certain.

Most of their valuables were put on the Cristobal Colon, the fastest boat of the Spanish fleet, and everything was done to give her the best opportunity to escape.

The Spanish officers profess great admiration for the American ships, especially the Brooklyn, New York and Oregon.

The Spanish prisoners say that if the Americans had pressed the land forces much longer the Spaniards would have been compelled to surrender, as the troops were completely worn out.

BROOKLYN WAS HIT FORTY-FIVE TIMES.

(Copyright 1898, by the Associated Press.)

GUANTANAMO, July 4, via Port Antonio, Jamaica, per the Associated Press dispatch boat Dandy, July 6, via Kingston, Jamaica, July 6, 7 p. m.—When the Spanish fleet left Santiago de Cuba it was with the intention to make for Cienfuegos, the nearest port, to secure coal and provisions.

All the ships were very short of coal, the Cristobal Colon having only two days' supply, which she had secured at Santiago.

The Spaniards concentrated their fire on the Brooklyn, hoping to disable that vessel, which they considered the fastest of the American ships, and thus give an opportunity at least for one or two of the Spanish boats to escape. The Brooklyn was hit forty-five times.

The Spaniards estimate the forces behind the fortifications of Santiago de Cuba at about 11,000, including the 4,000 reinforcements brought by General Pando, which are known to be in Santiago. The forces, besides General Pando's regulars and 2,000 volunteers, are not to be depended on. Eleven hundred marines and sailors were withdrawn from the city when the Spanish fleet made its ill-fated sortie.

URGES GRATITUDE.

President McKinley Issues a Proclamation.

People of America Called Upon to Return Thanks to the Almighty for Divine Favor.

WASHINGTON, July 7.—President McKinley at 11:40 last night issued the following proclamation:

"To the People of the United States of America:

"At this time, when to our yet fresh remembrance of the unprecedented success which attended the operations of the United States fleet in the bay of Manila on the first day of May last, are added the tidings of the no less glorious achievements of the naval and military arms of our beloved country at Santiago de Cuba, it is fitting that we should pause, staying the feeling of exultation that too naturally attends the great deeds wrought by our countrymen in our country's cause, and should reverently bow before the throne of divine grace and give devout praise to God, who holdeth nations in the hollow of His hands, worketh upon them marvels of His high will, and who has thus far vouchsafed to us the light of His face and led our brave soldiers and seamen to victory. I, therefore, ask the people of the United States on next assembling for divine worship in their respective places of meeting, to offer thanksgiving to Almighty God, who in His inscrutable ways is now leading our hosts upon the waters to unscathed triumph; is now guiding them in a strange land through the dread shadows of death to success, even though at fearful cost; is now bearing them without accident or loss to far distant climes, and who has watched over our cause and brought nearer the success and attainment of just and honorable peace. With the nation's thanks let there be mingled the nation's prayers that our gallant sons may be shielded from harm alike on the battlefield and in the clash of fleets, and be spared the scourge of suffering and disease while they are striving to uphold their country's honor; and withal let the nation's heart be stilled with holy awe at the thought of the noble men who have perished as heroes die, and be filled with compassionate sympathy for all those who suffer bereavement or endure sickness, wounds and bonds by reason of the awful struggle. Above all, let us pray with earnest fervor that the Dispenser of all good may speedily remove from us the untold afflictions of war and bring to our dear land the blessings of restored peace and to all the domain now ravished by cruel strife the priceless boon of security and tranquility.

It's plain now. Cervera says it was a forced run.

Hobson is free. Let the nation rejoice and reopen the Fourth of July for a brief spell.

Spain is evidently going out of business as a nation and everything is being sacrificed "regardless of cost."

A man was recently convicted in England of having enlisted as a recruit in fifteen places, decamping each time with advance money. England loses about $500,000 a year from such operations.

A new addition to the fighting strength of the British navy is that of the clerks on board ship, who have hitherto been noncombatants. An admiralty order directs them to be put through a course of revolver, sword and rifle drill and to be trained into rowing and sailing boats.

Missouri has more chickens than any other state in the union. In 1890, when the latest United States census was taken, the chicken population amounted to 20,000,000, and there were more than 2,000,000 fowls of other varieties. The product in eggs for that year was 53,000,000 dozen, valued at about $5,000,000.

There is a real estate dealer in Washington named William McKinley. There used to be a real estate dealer there named John Sherman, and he caused his venerable senatorial namesake a great deal of annoyance. It looks queer to see signboards upon vacant lots offering property for sale or rent by William McKinley.

The loss of the French liner La Bourgogne with 600 souls off Sable island is a catastrophe so appalling as to almost stun apprehension of its terrible magnitude. Added to the dreadful fact that 600 lives were engulfed by the remorseless sea is the shocking story that none of the women and children were saved. No effort appears to have been made to rescue the weak and helpless. Men fought like demons for places in the life boats and the women and children were beaten back, thrown overboard and, climax of all infamies, were even slaughtered with knives like so many sheep. The loss of La Bourgogne is only another sad chapter in the endless tragic story of the sea.

A more annoying war than the present conflict with Spain is imminent. There is in Washington a wide and somewhat bitter difference of opinion as to whom shall be given the credit for the magnificent destruction of Admiral Cervera's squadron. Acting Admiral Sampson, as the commander-in-chief of the combined American fleets, stands in position to be glorified for the victory. But Sampson was not at the harbor's mouth when Cervera made his dash for liberty. He was a dozen miles to the east and Commodore Schley was in command. Schley led the chase and directed the battle. Now it is said that there is an official cabal against Schley and that in Washington the high war officers are disposed to place the wreath of victory on Sampson's brow, whether or no. At the national capital parties are forming on the dispute and in the senate Schley's partisans, who appear to be numerous, are determined the dashing commodore shall have an absolutely "square deal."

Science as War's Servant.

It was hoped in vain that the increase in the death dealing power of modern weapons would put an end to war because the destructive capacity of modern warfare would appall the humane spirit of the time. War continues, and everywhere the process of enlarging armaments is going on. The dynamite projectile is thrown, and the more explosive shells that can be compounded are burst, and the wider the destruction the greater the applause.

And yet it remains true that wars are shortened by the perfection in directness which science is giving to the apparatus and methods of warfare. When it is well that war should be waged it is certainly well that it should be done quickly. The Franco-German war, the recent campaigns in southeastern Europe, the conflict between Japan and China, and, as it will prove, the war between America and Spain have all been in marked contrasts to the old contests which lasted year after year until a "thirty years' war" became a familiar phrase. Science, in quickening the facilities for military transportation and for military destruction, has also shortened the period in which commerce is interrupted, productive forces diverted and a strain put upon the national susceptibilities to suffering.

Again, the aid of scientific discovery and application saves the the strength and mitigates the pain of the individual warrior. The hygienic precautions enforced by medical supervision, and all the ministries of ambulance, hospital tent and hospital ship, with their corps of skilled attendants, bring to the hardships and pains of the field the same relief that is provided for those living in the homes of peace.

The engineering skill that builds roads and bridges, makes and records topographical surveys and strings electric wires is having a large opportunity in the present war. An electric line starting from General Shafter's tent in the Cuban jungle has the other terminus at Washington, and submarine cables are laid or transferred along the coast with astonishing celerity.

It is this quick adaptation of means to ends—an adaptation learned amid the arts of peace—that is making war a scientific game, and that in course of time will supersede the present method of arms by something as effective and less wasteful in the settlement of national controversies.

LOCAL LINES.

Alfred Cressler returned today from Pottstown, Pa., where he has been in school.

Miss Ella Myers gave a picnic at Swinney park yesterday afternoon in honor of Miss Leotta Wells, of Huntington.

Mr. and Mrs. James Griffith have returned from the east, accompanied by Mrs. Griffith's sisters, the Misses Anderson.

The Misses Perry, of Kansas City, who perished on the steamship La Bourgogne, were schoolmates of Miss Sadie Fleming, of this city, at Manhattansville, N. Y.

A party of Fort Wayne citizens and residents of north side streets to be paved went to Bluffton yesterday to inspect the cement curbings used in the streets there.

Summit City lodge, No. 36, A. O. U. W., will install their officers this evening in their new hall, on West Berry street, viz: the second floor of the Odd Fellows' building.

Mrs. O. J. Kover is entertaining the Woman's Foreign Missionary society of the Berry street M. E. church this afternoon at her home, corner of Howell and Rumsey avenues.

Some of the young soldiers at Tampa have sent R. C. Bell an alligator. It is a large one and Mr. Bell may arrange to have it placed in one of the city parks for the summer.

Miss Edith Zollars gave a small and informal dancing party last evening in compliment to Miss Kauffman and Miss Turner, of Grand Rapids, who are the guests of Miss Stella Gregg.

Congressman W. Alden Smith, of Grand Rapids, Mich., passed through the city last evening en route to Washington. He had been at home and was going back to be present when the house adjourns.

Miss Bessie Hassler entertained guests at dinner last evening, which was followed by a trip to Robison park. The guests of honor were Miss Elizabeth Trautman, of Logansport, and Miss Turner, of Grand Rapids.

A merry party of picnickers, consisting of Messrs. and Mesdames Charles Doebler, W. W. Shryock, E. F. Dunn, C. A. Rabus, Louis Frankel, Joseph Lohman and Miss Rosenthal, went to Goeglein for supper last evening. Some of the party drove out and the rest rode on their wheels.

Mrs. and Miss Anna Brown, of Fostoria, Ohio, stopped off here today to make a short visit with Miss Rosa Rodabaugh, of 286 Washington boulevard. The visitors are on their way to Petoskey, where they expect to remain during the heated term. This afternoon Miss Rodabaugh gave a tea in their honor.

Let the Boy Kick!

Our Assortment of Summer Suits is Certainly the Finest We Have Ever Shown.

* * * * *

Your boy slides down banisters, climbs fences, falls off henroosts, and breaks up things generally and is almost always hard on clothes. Now, isn't he?

Doesn't he rip "unrippable" seams, tear out the knees and elbows of his clothes, and often require a new seat to his trousers.

But bless his heart! wouldn't it be better to have him that way than pining away on a sick bed, running up doctor's bills?

Boys will be boys, anyway. If you bring the young shaver to us, we'll put a suit on him that he won't tear in a hurry.

A nice looking suit, too; all wool, and for little money.

FOURTH IN CAMP.

Soldier Boys Passed a Very Quiet Day.

There Were Some Fireworks and Shooting in the Evening—Private McMiller Gets a Furlough.

The following letter is received from The Sentinel correspondent at Chickamauga:

Headquarters Twenty-Eighth Light Battery, Ind. Vol.
Chickamauga Park, Ga.
July 5, '98.

To The Sentinel:

To the biggest majority of our boys the Fourth of July of '98 was spent in the quietest manner they remember of ever celebrating it. If the boys had been at home yesterday they doubtless would have indulged heartily and noisily in the customary racket, called the Fourth of July celebration. But here we were obliged to be content with a lazy holiday. The Indianapolis battery woke up the camp with an early morning salute of twenty-one guns and this was practically all the shooting that occurred until noon, when the Pittsburg, Pa., battery fired a national salute of forty-five guns. Aside from the regular stable, police, and guard duty the boys had nothing to do all day. Quite a number, the full limit allowed to be absent from the company in one day, were excused and went up to Chattanooga, where several Fourth of July celebrations were advertised to take place.

Look Out mountain probably drew the largest crowds of visitors as there were several fine attractions advertised for that resort, among which was a barbecue given by a labor organization.

Of course the larger part of the soldiers in camp were obliged to remain at home and our boys spent the most of their time in reading newspaper accounts of the battle at Santiago, magazines and periodicals and in catching up in their letter writing. The base ball cranks gathered on the drill ground and played a practice game. Perhaps a half-dozen members of our company had provided themselves with a few firecrackers, torpedoes, etc. Corp. John Vordermark had received in the early morning mail a toy paper cap pistol and several boxes of caps from some lady friend at home and he amused himself by sitting on a camp stool in front of his tent, firing at will at every Spaniard who came into sight. So anxious was he to fire his little shooter that he got the range on the other side of the company street and everything that passed by, man, horse, dog, colored laundry woman or newsboy, was obliged to dodge about and retreat from the heavy firing of his little one-shooter.

About 7:30 in the evening one of the Ohio batteries pulled out onto the drill ground, unlimbered and prepared to fire. As soon as it had become sufficiently dark the battery commenced firing by piece, and along one edge of the drill ground, just in the rear of General Williston's headquarters, a squad of battery men were kept firing off beautiful sky-rockets, Roman candles, flower pots, torpedoes and other fireworks. Away across the field and upon the top of the high tower on Snodgrass Hill could be seen similar fireworks ascending into the dark space. During all this noise and fireworks a little misting rain came down, and soon the large crowd of soldiers and friends from the city began breaking away until only a few who had come out prepared for rain were left. This celebration was kept up until after taps and then quietly died away, and thus the glorious Fourth of July for the Fort Wayne battery boys was spent.

This morning witnessed the inauguration of a new order of drills. Hereafter four mounted gun sections, with three teams to each piece, will on each Tuesday and Thursday go out for a long practice march. The first trial of these marches was made this morning, the soldiers leaving camp under command of Captain Ranke at 8 o'clock and returning at noon. The boys who went out on this march looked like birds that had been bathing in dust, so white with the dirt were their uniforms when they came back to camp, but they all spoke well of the trip and enjoyed it very much.

This afternoon Andrew McMiller, one of our men who has been very low in the Leiter hospital for fifty-one days, came walking into camp to pay the boys a visit. Mr. Miller is looking very thin, but says he is getting allong nicely. He has been given a sixty-day furlough, and when the boys learned this and also that he was nearly broke, Sergeant George Durfee and Privates D. W. Strauss and Phill Miller made a canvass of the members of the company, and in a few minutes collected over $37. This act of the boys was kept quiet until the roll call at retreat, when Sergeant Durfee stepped out in front and calling Mr. Miller to his side made a short speech, and then presented him with the purse with the compliments of the boys of the Fort Wayne battery.

Mr. Miller was taken completely by surprise, but he managed to muster up enough nerve to thank the boys for their kind remembrance. He will leave the latter part of this week for his home in Winchester, Ind.

John Furste returned to camp this morning after having attened

the funeral of his sister, Mary, at Fort Wayne. He brought many messages and several packages from friends at home for the boys.

Kenneth Swift, who has been in the hospital for a week or so, is now very much improved. The Sentinel correspondent called at the hospital this afternoon and found he had been sitting up. Swift says he expects to be out again in a few days.

A TRAGIC DEATH.

P. W. Schaden Lost His Life in the Waters of Delta Lake.

Goes Down While Trying to Teach His Son How to Swim—Home Shrouded in Gloom.

P. W. Schaden, the well known attorney and prominent democratic politician, was drowned in Delta lake last evening.

Mr. Schaden was an expert swimmer, and two or three times in every week would go with his sons to Lakeside and enjoy a swim in Delta lake. Last evening he went with his sons, Will, Frank and Julian, to take the usual dip in the lake. The father and son, Will, entered the water on the east bank and swam across to the northwest corner. An older son, who is a good swimmer, went across with them. When a few yards from the bank Mr. Schaden was overcome in some manner and went down.

Deputy Sheriff Stout was near the bridge and heard the son cry out to the father that he was going down. With a reassuring voice Mr. Schaden said: "No, now, you aren't; put your arm around my neck and I will take you to shore." In a moment Mr. Stout heard a voice inquire if assistance was needed and there came no reply. A second time the question was asked and then came a loud scream from the son. Thomas Cleary, a mover from Defiance, Ohio, who was camped in Lakeside park, was on the north bank when the father and son were struggling through the water, and he it was who asked if assistance was needed. When the son screamed Mr. Cleary quickly threw off his outer clothing and jumped into the water. He caught the lad and brought him to the shore and then went back to get Mr. Schaden, who had gone down and never came up. Although the water was less than five feet deep Mr. Cleary could not locate the body.

By this time Deputy Sheriff Stout and several others arrived on the scene and an alarm was immediately sent to the city, the patrol wagon responding with the drag hooks, which were put into immediate use. Hugh Olds and John Geismar took two of the poles and, wading out into the lake, commenced to search for the body. Finally Mr. Olds caught Mr. Schaden and dragged him to the shore, where every effort possible was made to resuscitate him. He had been in the water a half hour or more and all these efforts were unavailing. Coroner Kappel was sent for and viewed the body on the bank. He ordered it taken to Peltier's morgue. Later the remains were taken to the home of the deceased, corner of Washington and Garden streets.

The news of the tragic death was not slow in spreading about the city and scores of people went to Lakeside in the hopes of rendering some aid. The sons of Mr. Schaden started home, but delayed on the way long enough for Mrs. Schaden to learn of the tragic death from some other source than through them. R. L. Romy, whose office is in the Bank block with Mr. Schaden's, drove to the Schaden home and told the wife of the terrible news. She had an intimation before his arrival that something was wrong and when the truth dawned upon her she was completely prostrated.

Peter W. Schaden was a native of Ohio, his parents coming from Germany, having settled near Cleveland. He was born August 6, 1854, and during boyhood attended the district schools. At the age of thirteen he was apprenticed to a wagonmaker and afterwards became an expert woodworker. At eighteen he was a foreman in a large manufactory in Cleveland. Meeting with an accident, which compelled him to leave work for a time, he put in the enforced vacation at Oberlin college and then determined to devote some years to the pursuit of knowledge. Consequently, after some time spent at his trade, he returned to college and spent three and one-half years in the acquirement of learning. He studied German at Baldwin university at Berea, spending his vacation in teaching. Having been graduated he was placed at the head of the public schools of Berea, teaching German and Greek, and in the meantime devoting considerable time to the study of law. In 1881 he was admitted to the bar, and formed a partnership with Judge Geddes, ex-member of congress, at Mansfield. Overstudy and hard work had undermined his health, and he gave up his practice, to accept a position as special pension examiner under President Cleveland in 1885. He came to Fort Wayne, to make his headquarters, and had lived here ever since. At the conclusion of his term of office he resumed the practice of law, and has been an honored and conspicuous figure at the bar. He was a candidate for judge of the superior court before the democratic convention and made a strong and manly canvass. In 1890 Mr. Schaden was appointed, with Judge Zollars, to instruct the voters of the city in the use of the Australian ballot, and was engaged likewise in 1892.

Mr. Schaden was married while at Berea, but his wife died after his removal to this city. Two years ago he was married to Miss Maude Lipes, who survives him. He leaves three sons, William, Frank and Julian.

Mr. Schaden was a straightforward, honorable gentlemen, a successful lawyer and his personal qualities made him well liked by all with whom he formed an acquaintance. He was a dutiful husband, kind and loving father and it was the delight of his life to make life pleasant for his little sons. He was with them much of the time, riding and swimming in the summer and skating in the winter. Once while skating the father broke through the ice and the sons saved him by holding a stick to his assistance.

Mr. Schaden was an expert swimmer and prided himself on this fact, and only yesterday remarked to R. L. Romy that he intended to take his son out in the evening and learn him to swim. He had two or three times during his life saved persons from drowning and for one of these brave acts was presented a medal.

The mother of the deceased lives in Elyria, Ohio, and was notified last night of the terrible fate of her son.

The funeral of the late P. W. Schaden will be held Saturday morning at 10 o'clock from the house, Rev. L. L. Henson, officiating.

Meeting of Bar.

There was a meeting of the Allen county bar this morning in the circuit court room to take action on the death of Attorney Peter W. Schaden. Judge Zollars presided. Short eulogistic addresses were made by many of the attorneys present and a motion was adopted authorizing the chairman to appoint a committee on resolutions to report at a meeting to be held one hour before the time of the funeral. Chairman Zollars appointed the following committee: Judge W. G. Colerick, Hon. Thomas E. Ellison, Jas. E. Graham, William Shambaugh, Judge S. R. Alden and Prosecutor N. D. Doughman.

Remarkable Rescue.

Mrs. Michael Curtain, Plainfield, Ill., makes the statement, that she caught cold, which settled on her lungs; she was treated a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefitted from first dose. She continued its use and after taking six bottles, found herself sound and well; now does her own housework, and is as well as she ever was—Free trial bottles of this Great Discovery at Dreier & Bro.'s drug store. Large bottles 50 cents and $1.00.

Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters;' and, to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cts per bot. at Dreier & Bros. drug store.

THE Spanish-American War

Pictured by PHOTOGRAPH and DRAWING.

Our Nation In War!

HISTORICALLY ACCURATE **The Battles of Our Country**

BY PHOTOGRAPH AND DRAWING **ON Sea and Shore**

ARTISTICALLY BEAUTIFUL

A Panoramic Story of the Battles and Heroism of American Soldiery.

Comprising a pictographic history of our country, from 1775 to 1898, in the inspiration of master painters' conceptions and the photographic art.

This is the most magnificent, most richly illuminated, and most valuable portfolio of war scenes ever published, presenting, as it does, a wealth of historic illustrations that is almost incomputable, reproduced from collections made by the government and by states at a cost of millions of dollars.

The purpose of this splendid publication is to educate, and to interest the masses in the glory, chivalry, and righteous spirit of our defenders, and to increase appreciation of the sacrifices and achievements of the nation, which have established our reputation as the grandest republic ever founded by the wisdom of man.

The War of Our Nation is published in a series of weekly numbers, 11 x 13½ inches in sizes, and each part will contain sixteen or more half-toned photographs, specially taken for the work, which will included such subjects as the following: Reproductions of the greatest paintings ever produced, picturing the most tragic events of American history in the war of revolution, of 1815; of our war with Mexico; our Indian Wars; the great civil conflict, and our battles with Spain, representing in pictographic elaboration the most thrilling incidents that have taken place in our country's history on land and sea. The publication also comprises photographs and original drawings of current scenes at the front, such as bombardments, navy engagements, acts of individual heroism, batteries in action, cavalry charges military manoeuvres, battleships, sorties, and in fact of every important phase and feature connected with the Spanish-American conflict. The complete series will therefore be the most superb pictorial history of the nation that was ever printed, the value of which is greatly increased by the graphic descriptive text that accompanies each illustration. A better idea may be obtained of the comprehensive scope and invaluable character of the work by the picture contents of Part 1, which include the following sumptuous reproductions, 8x10 inches in size.

Thousands of sick and suffering people are like the poor cripple in the Bible, who had no one to help him down to the life-giving pool before some one else slipped in ahead of him. So many sufferers feel that if they could only get a little help to overcome their extreme weakness they would then be able to regain their coveted health and strength.

It is just these people that Dr. Pierce's Golden Medical Discovery is designed to aid. It is the strong, helping hand for those who are in the extreme of bodily weakness and nervous exhaustion. It promptly tones, nourishes and builds up the entire system. It gives keen appetite, good digestion, pure blood, muscular strength, nerve-force and renewed activity.

"When I first wrote you I was completely discouraged," says Mrs. W. M. Satterly, living at Richford, Tioga Co., N. Y. (P. O. Box 94), in a letter to Dr. Pierce. "I was in pain all the time, could not lie in bed on account of severe, sharp cutting pains in my back and right hip. Had pain all through the lower part of my body and my elbows hurt me so much I could scarcely lift my baby. My skin was dry, harsh and scaly and hung like sacks on my arms. My husband called the doctor, and he said it was weakness, and my age. His medicine did me no good. I kept getting worse and weaker. It seemed I should go crazy. One day I wrote you and received advice. I have taken Dr. Pierce's Golden Medical Discovery, his 'Favorite Prescription' and 'Pleasant Pellets,' and now I can lie in bed with some comfort and can do a good day's work."

The most valuable book for both men and women is Dr. Pierce's Common Sense Medical Adviser. A splendid 1008-page volume, with engravings and colored plates. A copy, paper-covered, will be sent to anyone sending twenty-one cents in one-cent stamps, to pay the cost of mailing *only*, to Dr. R. V. Pierce, Buffalo, N. Y. Cloth-bound, 31 stamps.

Will be the Flag Staff at the Electric Works.

Will Have a Steel Tube Core, With a Pine Casing—A Wabash Shopman Receives Painful Injuries.

The carpenters at the electric works are engaged in constructing a flag staff, which will be a novelty in that line. The piece will have a steel tube core and an outer casing built with pine planks, put together in a manner similar to that employed in the construction of the pole described in a recent issue of THE SENTINEL. It will be one of the most expensive and prettiest poles in the city and when completed will be erected in the corner of the "L" of the main factory building. The pole will not be completed before next Tuesday and the time of its dedication has not yet been set. The announcement will be made in ample time for all to prepare for it.

A SHOPMAN INJURED.

L. O. Harvuot, of 39 West Washington street, is now in the Wabash railway hospital at Peru. Yesterday while assisting in handling some engine drive-wheels, a companion loosened his hold for an instant and the crank of the hoisting crane caught Mr. Harvuot in the stomach and flung him forward several feet. He alighted on his head and shoulders, receiving a cut in the back of his head about two inches long. Dr. M. F. Porter dressed the wound, putting several stitches into it, and the unfortunate man was sent to the hospital to remain until he fully recovers.

P. E. Mills, a car builder, is sick. He is one of the officers of the Pennsylvania relief department.

Abraham Hosler, a carpenter at Rhinesmith & Simonson's factory, is off duty on account of sickness.

J. Zuber, a car builder, nearly severed his left thumb yesterday with a chisel. He will be unable to work for a few days.

A. Gruber has returned from Milwaukee, where he spent a week. This morning he resumed work in the Pittsburg copper shop.

F. M. Worling, Nickel Plate brakeman, who had been visiting his mother in Tiffin, Ohio, resumed his duties on the road yesterday.

Mr. and Mrs. John Carroll are now comfortably domiciled at No. 93 West Williams street. They recently purchased that property.

The Pennsylvania lines will have two seaboard excursions out of this territory in the next sixty days, one on July 19, the other on August 10.

The Electric corporation is getting ready to install a lighting plant at Green Bay, Wis. This morning the dynamos and station equipment material, also lamps, were shipped to that city.

William Wiggins has been promoted to first assistant engineer on the Pittsburg, Fort Wayne and Chicago, with headquarters at Fort Wayne.

W. C. Brewster and P. F. Fuller, Nickel Plate brakemen, are at work again. The former had been visiting in Michigan and the latter was kept at home by the serious illness of his mother.

Locomotive works are so busy that the railroad companies find it difficult to get engines built as promptly as they desire. The five leading works have orders which will keep them busy for months.

Bert Glenn, an old Fort Wayne boy, has returned to his home in St. Louis after a visit with relatives in this city. Mr. Glenn, who is an engineer, is now running on the Wabash between St. Louis and Decatur.

General Manager Bradbury, of the Lake Erie & Western, recommends that the present year the company lay forty miles of new steel on the main line. This is about double the mileage of the new rail laid last year.

The Brice people expect to complete by December 1 the links which make the Lake Erie & Western a part of an east and west trunk line. There are now three pieces of road in course of construction, in all there being 136 miles of new road built, and the work is so divided that it progresses rapidly.

At the Trinity M. E. parsonage last evening at 8 o'clock, Rev. Sherman Powell married John T. Merriett and Miss Cora I. Glessner. The couple immediately repaired to their own home, on Rivermet avenue, which they had already prepared for occupancy. Mr. Merriett is night caller of engine crews for the Nickel Plate, and his bride is one of our most estimable young ladies.

Instead of G. J. Grammar having his authority curtailed with the election of W. H. Newman as president of the Lake Shore road, he has been given more authority as general traffic manager. In this connection it is stated that President Ingalls would have been greatly pleased to have secured Mr. Grammar as successor of the late William Walker, traffic manager of the Chesapeake and Ohio.

Diedrich Bleke, one of the veterans in the Pittsburg shops, is sick and off duty for the first time in many months. Mr. Bleke was for thirty years engaged in loading and rolling car wheels at the shop and it is said that he was an expert in that line. But the infirmities of age made his retirement from that position necessary and for the past ten years he has served as janitor in the shop.

The loaded freight car mileage of of the Lake Erie and Western in its last fiscal year was 24,320,966 miles against 23,126,075 miles in the preceding year. While there was such an increase in loaded freight car mileage there were but 13,183 freight trains run, against 13,942 in the preceding year. The heavier locomotives and better track enabled the company to move the much larger tonnage with fewer freight trains. In 1896 but 27.5 cars per train were hauled, while in 1897 29.1 cars were hauled.

The order of the Pennsylvania company to the effect that yard and trainmen must carry standard watches is exciting unfavorable but unjust comment. The standard code provides that conductors and engineers must carry watches which will not vary over thirty seconds per week, and with this limit the watches of the trainmen of two opposing trains may vary fifty-nine seconds a week. Experience has shown that with all the precaution taken, aside from the variation of watches, there is a wider variation than a minute, and the great trouble is that trainmen take advantage of the variation and use it. Numerous collisions can be traced to this fact, and not only will the Pennsylvania lines enforce the rule that all train employes, but even the flagmen of the train and yardmen shall carry only standard watches. At a meeting of railway superintendents the feeling was very pronounced in the direction of taking no backward step in the matter.

COLUMBUS FRANCHISE GOES TO DENVER

DENVER, Col., July 7.—It is announced that the Columbus base ball team of the Western league will be removed to Denver and that hereafter Denver will be included in this league. It is probable that the former Columbus team will finish this season's playing as representing Denver, at any rate Denver will be in the Western league beginning with the season of 1899.

NOTES.

Tomorrow is ladies' day at Lakeside and there should be a large attendance.

President Meyer is trying to sign Andrews, late of Cedar Rapids, to play short.

The Shamrocks will play one of Chicago's city league teams the latter part of next month.

Grand Rapids' corps of pitchers is now Wayne, Altrock, Harper and Nonnamacher. Rapp and Coleman have been released.

Butler, the Columbus outfielder, had his hand torn almost off on the Fourth by the explosion of a giant firecracker. Amputation may be necessary.

Baltimore sold Quinn and O'Brien and then found itself without an extra infielder. At Walter Wilmot's recommendation Artie Ball, formerly with Minneapolis, has been signed. Ball played fine ball in yesterday's two games.

All postponed games in the Robison Park league must hereafter be played on the park grounds. One game has been played at Lakeside park. This game is legal and will be counted in the race, as permission to play the game was granted by the president of the league.

THE JURY AGREED

After It Had Deliberated for Almost Twenty-four Hours.

They Find for Both Defendant and Plaintiff and Judge O'Rourke Sends Them Back—Notes.

The fourth trial of the suit of Taylor vs. Lehman ended in a victory for plaintiff. The jury had been out twenty-one hours when Judge O'Rourke sent for them with the purpose of discharging them. He felt, however, that they might be able to agree and sent the jury back. Later they returned with a verdict finding for plaintiff for $112.50 for rent and for defendant for $360 damages. A double verdict could not be accepted and they were again sent to the jury room, returning finally with a verdict of $25 for plaintiff. This is not a victory for either, as it does not allow Mrs. Taylor her rent nor Mr. Lehman any damages. Both sides are dissatisfied as the small vedict doesn't carry with it attorney fees nor court costs.

NOTES.

Judge Heller, of Decatur, is expected here this afternoon to hear some evidence in the case of Notestine vs. Alben.

The county commissioners today established a change in the Jacobs road, which will be opened 115 feet further north than at first intended.

The board is this afternoon hearing arguments in the matter of the changing the route of the Fairfield road in Wayne township.

In the circuit court suits to quiet title have been filed by Thomas McComb vs. Eleanor H. Orr et al. and Joseph Porter vs. Eleanor H. Orr et al. Hon. W. G. Colerick is plaintiff's attorney.

Frank Gephart was fined $1 and costs by 'Squire France for assault on Emile Quiquarry.

The will of Richard Woulfe has been filed for probate. He leaves all his property to his wife.

40 YEARS THE STANDARD.

COMPETITION IS HOT.

Bids for Street Improvements Will be Opened Tonight.

There Will be at Least Three Bidders Unless Some Agreement is Reached—Municipal Affairs.

The meeting of the board of public works will be a most important one tonight. Bids will be opened for the new asphalt payments to be placed on Cass and High streets and Fairfield avenue. There are almost twenty squares to be paved, a total of about 17,000 yards. The competition for the work is very warm and besides O. E. Guelick, of the Alcatraz company, bids will be submitted by the Barber company, represented by J. M. Wright, and the Columbia Construction company, represented by F. E. Cole. The competition between the Barber company and the Alcatraz company has been very bitter, the former underbidding the Alcatraz in Detroit and the latter underbidding the Barber in Buffalo.

The competition is just as bitter in Fort Wayne and unless the representatives enter into some agreement before the bids are submitted there is a general belief that those streets will be the cheapest of any improved in the city in many years. Mr. Geiberson, representing the Berea curbing stone, and Mr. Buntin, representing the Parkhurst curbing, are here submitting propositions for their curbings to the contractors.

The Alcatraz company is pushing work on the south side streets rapidly and it will not be many weeks until they will be ready for use. The board has not determined when to commence work on Calhoun street.

THE BICYCLE TAGS.

There has been a rush for bicycle tags during the last twenty-four hours and every person who owns a wheel is taking out a tag, at least it would seem so to watch the comptroller's office. Mr. Berghoff has determined to enforce the ordinance and after today arrests may be made of violators. The law provides that bicycle tags must be attached in front of the wheel and those persons who have a tag and do not put it on the wheel are liable to arrest.

Comptroller Berghoff sent the following communication to Superintendent Gorsline today:

FORT WAYNE, IND., July 7, 1897.

To the Superintendent of Police, City:

DEAR SIR:—The council has decided that the vehicle law remains as it stands today. This being the case it becomes my duty to enforce it impartially and strictly in justice to all concerned, and this I shall attempt to do. As there is no special license officer. I must ask you as superintendent of police to assist me in inforcing it against all alike, wheelmen as well as drivers of vehicles of any kind, by arresting everyone concerned who uses the streets contrary to law without displaying the proper tag as provided in ordinance, a copy of which is herewith inclosed. I shall also insist upon strict inforcement of the peddlers' ordinances and I want the officers on duty to see the license of every peddler or street fakir.

Yours respectfully,

H. C. BERGHOFF, Comptrollor.

PASSED BY SENATE.

Hawaiian Resolution Gets a Decisive Majority.

There Were 42 Votes for Annexation and 21 Against—Six Democrats Vote for the Resolution.

WASHINGTON, July 7.—The annexation of Hawaii is now accomplished so far as the legislative branch of the government is concerned.

Quite unexpectedly the resolutions providing for the annexation of the islands were brought to a vote in the senate late yesterday afternoon and they were passed by the decisive vote of 42 to 21.

The test vote came on an amendment offered by Mr. White, of California. It was offered with no expectation that it would be adopted, but merely to place the ideas and opinions of the opponents of annexation on record. It was rejected by a vote of 40 to 20, indicating that the annexationists were strongly in the majority.

Amendment after amendment was offered, but the advocates of the resolutions stood steadily together gaining rather than losing strength on the successive votes.

Finally, at 5:30 p. m., the resolutions themselves, in precisely the form in which they were received from the house of representatives, were reported to the senate and the roll call began. Intense interest was manifested by every spectator. Not a sound was to be heard in the chamber except the call of the clerk and the responses of senators. When the vice president announced the vote by which the resolutions were passed a tremendous wave of applause swept through the galleries, which the vice president made no effort to check. Those who had advocated the resolutions expressed their pleasure by shaking hands with one another, and on all sides evident relief was shown that the end had come. For a few minutes so much good-natured confusion existed that the dignity of the senate was threatened, but Vice President Hobart quietly reminded senators that the session was not yet at an end.

Mr. Morrill, of Vermont, was the only republican who voted against the resolutions, although Mr. Thurston, of Nebraska, and Mr. Spooner, of Wisconsin, were paired against them. Six democrats—Mr. Gorman, of Maryland; McLaurin, of South Carolina; Money, of Mississippi; Morgan, of Alabama; Pettus, of Alabama, and Sullivan, of Mississippi—voted in favor of annexation.

The Spirit of War is on the Deep.

The big guns are uttering their savage barks, and the sharp crack of rapid firing rifles is heard echoing along the waters, marking where the conflict rages. Those who are unable to participate in the war against Spain may find satisfaction in following events as they occur on land and sea, and which are admirably pictured in this superb portfolio series, of "Our Nation in Wars" each weekly issue of which contains sixteen or more magnificent photographic views of actual happings at the front. Each picture is accompanied by a graphic descriptive text so as to present a comprehensive history, illustrative and narrative, of the war now being vigorously prosecuted. A work of this character, so pleasing to the eye and so impressive to the understanding, is as instructive as it is interesting, and should receive an enthusiastic welcome in the home of every loyal American, and its preservation should be carefully attended to. The value of this series, while very great now, will rapidly increase with the passing years, until those who have the prudence to keep the full file will presently find that it is grown almost beyond estimation and become a record of incalculable worth. 5-2t

WOMEN THINK OF WAR.

Assurance of Co-operation Sent to the President by Denver Clubwomen.

The "double bill" feature of the federation was inaugurated recently with prospects of numerous cases of nervous prostration among the fair enthusiasts who have planned to take in all of them. Incoming trains continue to bring clubwomen to increase the crush, and the two places of assemblage, the Broadway theater and the Unity church, were packed to their utmost capacity.

The war issue crops out occasionally. At the instigation of Mrs. W. B. Belknap of Louisville this message was wired to Washington the other day:

To the President of the United States:

Greeting from the general federation of women's clubs. Assurance of co-operation with you in any emergency.

Mrs. Marie Bemick of the Chicago Women's club is also working on a resolution to discourage a national policy of conquest.—New York World.

If Anything Happens to Hobson.

There will not be an ending when Cuba lies free
If anything happens to Hobson.
We shall move for a settlement over the sea
If anything happens to Hobson.
There are bull rings and castles and cities in Spain,
There are hoary old fortresses fronting the main,
We shall never let up till in dust they are lain
If anything happens to Hobson.

From the east to the west but one purpose shall sway
If anything happens to Hobson.
Let justice prevail and put mercy away
If anything happens to Hobson.
Who is there will linger at anvil or plow?
Who is there will stop to ask "Why?" "When?" or "How?"
Who is there will say, "I am not ready now,"
If anything happens to Hobson?

Oh, woe to the haughty, beribboned grandees
If anything happens to Hobson!
Oh, let them prepare to be brought to their knees
If anything happens to Hobson!
Let the bloodthirsty Blancos and Weylers beware.
Let the creatures of cunning Sagasta prepare
To sizzle in hell, for we'll hustle them there
If anything happens to Hobson.

PROSPERITY IN SIGHT.

After a long and depressing period to everyone, hard times have been left behind. The future of this country is bright. Every man has work. Not in the 38 year's history of this store has the outlook been so good. Business is reviving all over the land. The coming crops bid fair of being the most abundant and finest in quality ever harvested.

Every man smiles constantly at the bright future before us.

DIRECTLY AFTER THE FOURTH THE LONG PROJECTED Alternations of this store will be begun. We are going to keep pace with our city's growth and give it a store its people will be proud of. A new and handsome front will be put in, extensive alterations will be made on the entire interior part of the store. In every way the service of the store will be of the most modern type.

Our general methods of dealing with our patrons will be as from the beginning of the store. All goods sold to be first-class at low minimum profit.

ONE PRICE TO ALL.—Your child can as safely purchase here as if you came in person.

To make room for these extensive alterations to the store we will commence at once AN IMMENSE SACRIFICE SALE throughout the entire store. We are not going to pack away an article. Prices will be made to move stocks quickly.

This month of July will be the busiest month among Dry Goods this city has ever known.

The little annoyance of the hammer and saw will be more than repaid by the bargains to be had.

GREAT CARPET REDUCTIONS.

The lowest prices ever given on Fine New Carpetings. Grand new line Moquettes and Axminsters for fall have just arrived and will be sold at prices during this sale that will surprise everybody. This is merely a hint of the reductions on all grades of Carpets.

Lace Curtains in the reduction.

All muslin Underwear reduced in price.

Men's Summer Underwear, Women's and Children's Underwear will be sold at cost.

Dress Goods and Woolens will be sold at ¼ and ⅓ value—some ½ their value.

All Cotton Goods and Wash Fabrics will be reduced to a price pleasing to every one.

Women's Tailor Made Suits at Half Price.

Watch the doings of this alteration sale during the month of July.

MRS. RORER ON COMPLEXION.

Not a Matter of Outward Application.

Mrs. Rorer answers, in the Ladies' Home Journal, an enquirer about good complexion, reciting that it can only come from a healthy condition of the entire system and that it is not a matter of outward application, finishing with the statement that "Your food cannot possibly agree with you if you have muscular rheumatism and a bad complexion."

It is a known fact that many people fail to properly digest the starchy part of bread and other food. Grape-Nuts (a delightful breakfast food) are made of the grape-sugar which results from preparing the starchy parts of the cereals, in the same way artifically as the body should do by natural processes. Therefore Grape-Nuts give one food all ready for immediate assimilation into blood and tissue. They are made by the Postum Co. at Battle Creek, Mich., and are ready prepared, requiring no cooking whatever and will be found most valuable by Athlete, Brain worker on Invalid.

TIRED OF THE WAR.

Spanish Officers Desert and Flee Within Shafter's Lines.

LINARES TO BE GIVEN TIME TO SURRENDER

WASHINGTON, July 7—Advices received here this morning from General Shafter announce that a number of high Spanish officers are deserting across the lines at Santiago into the American camps This act is regarded here as highly significant of an early surrender

MADRID HEARS THAT THE FIGHTING IS RENEWED.

MADRID, July 7—10 A M—A rumor is current here to the effect that the bombardment of Santiago de Cuba has commenced The Spanish batteries are said to be replying vigorously

DEWEY DID NOT FIRE ON A GERMAN SHIP.

WASHINGTON, July 7—The last advices from Admiral Dewey received here were dated July 1 As they make no mention of trouble with Germany, the rumor that he had fired on a German vessel is pronounced baseless No advices could have reached a cable station since July 4

WATSON'S FLEET TO LEAVE AT ONCE.

WASHINGTON, July 7—4 p m—Secretary Long has just cabled Admiral Sampson ordering him to detach immediately Commodore Watson's squadron and directing him to proceed at once upon his mission The vessels will be the Iowa, Oregon, Newark and three cruisers, besides coal ships

WILL WAIT FOR LINARES TO QUIT

WASHINGTON, July 7—It is learned from high source that the war conference today was held for the purpose of going over the situation at Santiago and that no disposition to rush an attack on the city was shown. It is stated that the administration is reasonably well satisfied with the present situation and has no desire to precipitate affairs there at a costly sacrifice of lives or ships

It is confidently believed that General Linares will surrender when he sees that the American army is to be reinforced by 15,000 or 20,000 men No intimation to this effect has been received from any quarter but the officials believe that the Spanish general will see the utter hopelessness of the situation and yield to the inevitable

If, however, the Spaniards persist in needlessly sacrificing the lives of their own men and ours all the strength of the army and navy will be hurled against them with a view to putting an end to the struggle in the shortest possible time The question of directing General Miles to take command of the Porto Rican expedition was not brought up in the conference, nor were any matters discussed that did not directly pertain to operations in front of Santiago

MILES STARTS AT ONCE FOR CUBA

WASHINGTON, D C, July 7—General Miles and staff will leave here at 10.15 o'clock tonight on a special train over the Southern railway, going to Charleston, S C, where he will take a transport vessel for Santiago.

STARVING REFUGEES FLEE FROM SANTIAGO.

(Copyrighted, 1898, by the Associated Press)

EL CANEY, near Santiago de Cuba, July 6, 4 p m, by the Associated Press dispatch boat Wanda, via Port Antonio and Kingston, Jamaica, July 7, 10 45 a m—Between 12,000 and 15,000 innocent victims of the war have fled here in wild panic to escape the terrors of the threatened bombardment of Santiago, and they are now confronted by the horrors of starvation

In their helpless condition they are appealing to General Shafter for succor. Most of them are foreigners, principally Frenchmen or with an admixture of foreign blood, and their interests are being looked after by their consuls. When they were informed yesterday that General Toral refused to consider the question of surrendering they swarmed out of the north gate of the city all day and trudged through the blazing sun over the road which in places was ankle deep in mud Tottering old men and women were supported by children, and mothers with babes at their breasts struggled on toward El Caney, San Luis and other towns Most of them came here last night, and over 5,000 of them slept in the village which, under ordinary circumstances, hardly accommodates 500 people They were crowded together in the houses upon the verandas and in the streets At daylight those who had been overtaken by darkness on the wayside began to pour in and at this hour they are still coming Already more than 15,000 are here

They were not allowed to bring food with them, and those who have money are as destitute as those who are without Rich and poor, cultured and ignorant, white and black, are huddled together, choking the walks between the houses with gaunt despair written on their countenance The ignorant desire only to be fed and the cultured want to get away anywhere, anyhow, away from the war which has driven them from their homes

Pathetic sights are witnessed on all sides There are women of good birth and education supported by frail girls who hide their faces from the vulgar gaze of others who surge about them In the eyes of both mothers and daughters is the haunted look which wild animals have when driven to bay

HEAVY BATTERIES ORDERED TO SANTIAGO.

WASHINGTON, July 7—With a view of giving General Shafter the benefit of more heavy artillery, orders were issued today for the immediate departure of four heavy batteries to Tampa for transportation to Santiago at once These batteries are K. of the Seventh artillery at Willets Point D. of the Fourth artillery at Fort McHenry, Md, and H and K of the Second artillery, at Fort Adams, and elsewhere in Rhode Island Rush orders were given to each of these batteries and it is expected that they will start for Tampa today

DESTRUCTION OF THE REINA MERCEDES.

WASHINGTON, July 7—Admiral Sampson has telegraphed the navy department as follows from his flagship New York, off Santiago, dated yesterday

"About midnight last night the Reina Mercedes was seen by the Massachusetts, which vessel had a searchlight on the channel, coming out of the harbor of Santiago The Massachusetts and Texas opened fire and the Spanish vessel was sunk opposite Estrella cove I am inclined to think it was the intention to sink her in the channel and thus block the harbor entrance If so this plan was defeated by the fire of the ships, as she lies on the edge of the shore"

"That Awful Crowd."

Last evening, at the home of Mr and Mrs J D Brady, No 8 Burgess street, occurred the organization of a new club, which will be known as "That Awful Crowd," with a charter membership of twelve The club will meet every other Friday evening beginning with July 15th, their sole object being to draw out the funny side of life The role will be doubled before the membership limit is reached, and fortunate indeed, will be those who are chosen to complete the list, and wear the colors pink and white with the carnation as their floral emblem There will be an election of officers at the next meeting, after which "That Awful Crowd" expects to have some terrible times.

URGE HER TO PEACE.

Newspapers Throughout Europe Counsel Spain.

Sagasta's Cabinet Soon To Be Superseded.

A New Government Will Have to End the War.

It Is Learned From Madrid That Admiral Villamil Was Killed in Sunday's Naval Battle

LONDON, July 7—The newspapers throughout Europe today are urging Spain to sue for peace It is generally recognized that Senor Sagasta's cabinet will shortly be suspended

The difficulty in the way of peace is the army, which is anxious to retrieve the failure of the navy

RESIGN RATHER THAN SEEK PEACE.

MADRID, July 7—10 A M—A Spanish cabinet minister is quoted in an interview as saying that the present government of Spain will devote itself solely to the defense of the Spanish coasts and that if negotiations for peace must be opened, they will have to be conducted by another government

ADMIRAL VILLAMIL AMONG THE DEAD.

MADRID, July 7—10 A M—The cabinet is of the opinion that the fleet of Admiral Camara should continue its voyage to the Philippine islands

The government has received a telegram from Admiral Cervera announcing the death of Admiral Villamil who was in command of the Spanish torpedo boat squadron at Santiago de Cuba, and the suicide of Captain Lazaga, the commander of the Infanta Maria Teresa

RUMORS THAT SPAIN WILL SEEK PEACE.

WASHINGTON, D C, July 7—Unofficial advises to the administration from sources heretofore accurate say Spain will sue for peace this week At the same time no such suggestion from Spain, direct or indirect, has been received The government will listen if approached in a proper spirit

MUST FIGHT TO SAVE HER GOOD REPUTE.

MADRID July 7—3 p. m—A minister after the cabinet meeting today, declared that if Admiral Cervera had succeeded in escaping the Spaniards would have sued for peace But, he added, in view of the destruction of the Spanish fleet the war must be continued, lest Spain be accused of cowardice or fear

Dispatches received here from official sources at Havana announced that there is an enthusiastic desire to continue the war

ADJOURNS TOMORROW

House of Representatives Passes the Necessary Resolution

WASHINGTON, July 7—Speaker Reed had not returned to Washington today and in his absence, Mr Payne, republican, of New York was designated to preside over the house The galleries were filled with members of the National Educational association now holding its meeting in this city.

Mr Dalzell, republican, of Pennsylvania, offered from the committee on ways and means, a concurrent resolution providing for final adjournment of the session of congress at 2 o'clock tomorrow It was immediately passed and generally applauded by the members.

HOBSON A FREE MAN.

Exchange of the Hero and His Gallant Crew Has Been Made.

HOBSON RECEIVED WITH WILDEST DELIGHT

(Copyrighted 1898 by the Associated Press.)

OFF JURAGUA, July 6, evening, by the Associated Press Dispatch Boat Wanda, to Port Antonio, Jamaica, July 7, via Kingston, Jamaica, July 7 (7 30 a m)—Assistant Naval Constructor Richmond P Hobson, of the flagship New York, and the seven seamen who, with him, sailed the collier Merrimac into the channel of the harbor of Santiago de Cuba on June 3 last and sunk her there, were surrendered by the Spanish military authorities today, in exchange for prisoners captured by the American forces

Hobson and his men were escorted through the American lines by Captain Chadwick, of the New York, who was awaiting them Every step of their journey was met by the wildest demonstration on the part of the American soldiers, who threw aside all semblance of order, scrambled out of the intrenchments, knocked over tents, guns and other camp paraphernalia in their eagerness to see the returning heroes, and sent up cheer after cheer for the men who had passed safely through the jaws of death to serve their country

The same scenes of enthusiasm were repeated upon the arrival of the men at the hospital station and at our base at Juragua

Hobson, who reached there in advance of his companions, was taken on board the New York immediately. The flagship's decks were lined with officers and men and, as Hobson clambered up her side and stepped on board his vessel the air rang with the shouts and cheers of his comrades, which were reechoed by the crews of a dozen transports lying near by

Hobson had little to say in regard to his experiences except that he and his companions had been well treated by the Spaniards and that they were in excellent health

The Spanish authorities consented this morning to exchange Hobson and his men and a truce was established for that purpose The place selected for the exchange was under a tree between the American and Spanish lines, two thirds of a mile beyond the entrenchments occupied by Colonel Woods rough riders, near General Wheeler's headquarters, and in the center of the American line The American prisoners left the Reina Mercedes hospital, on the outskirts of Santiago, where they had been confined, at 2 in this afternoon, in charge of Major Ireles, a Spanish staff officer, who speaks English perfectly

The prisoners were conducted to the meeting place on foot but were not blindfolded Colonel John Jacob Astor and Lieutenant Miley, accompanied by Interpreter Maestre, were in charge of the Spanish prisoners These consisted of Lieutenants Amelio Volez and Aurilius, a German belonging to the Twenty ninth regular infantry, who were captured at El Caney on Friday last, and Lieutenant Adolfo Aries, of the First Provisional regiment of Barcelona, one of the most aristocratic military organizations of the Spanish army, and fourteen non commissioned officers and privates

Lieutenant Aries and a number of the men were wounded in the fight at El Caney The Spanish prisoners were taken through the American lines mounted and blindfolded The meeting between Colonel Astor and Major Irles was extremely courteous but very formal and no attempt was made by either of them to discuss anything but the matter in hand

Major Irles was given his choice of three Spanish lieutenants in exchange for Hobson and was also informed that he could have all of the fourteen men in exchange for the American sailors. The Spanish officers selected Lieutenant Aries and the other two Spanish officers were conducted back to Juragua

It was then not later than 4 o'clock, and just as everything was finished and the two parties were separating, Major Ireles turned and said courteously enough but in a tone which indicated considerable defiance, and gave his hearers the impression that he desired hostilities to be renewed at once

"Our understanding is, gentlemen, that this truce comes to an end at 5 o'clock"

Colonel Astor looked at his watch, bowed to the Spanish officer without making a reply and then started back with to the American lines, with Hobson and his companions following

The meeting of the two parties and the exchange of prisoners had taken place in full view of both the American and Spanish soldiers who were entrenched near the meeting place and the keenest interest was taken in the episode

SHAFTER ANNOUNCES EXCHANGE OF HOBSON.

WASHINGTON, July 7—General Shafter's telegram announcing the exchange of Lieutenant Hobson and his men is as follows

"Playa del Este, July 7—Secretary of War, Washington—Headquarters Fifth Army Corps Cuba, July 6—Lieutenant Hobson and all of his men have just been received safely in exchange for Spanish officers and prisoners taken by United States All in good health except two seamen convalescing from remittent fever SHAFTER, Major General Commanding

HOW HOBSON'S PARENTS RECEIVED THE NEWS

GREENSBORO, Ala, July 7—It was nearly 10 o'clock this morning when the diminutive lad who carries messages for the telegraph company ran up the walks into the house of James M Hobson bearing an Associated Press telegram

Mr Hobson threw down his morning paper and, opening the envelope, read its contents

His face flushed with pleasure as he stepped quickly to another part of the house, calling Mrs Hobson's name as he went She soon responded and in a twinkling the family was in possession of the information that their brave son Richmond, who sailed the Merrimac into the harbor of Santiago had been exchanged and was in the hands of his friends

The family were overjoyed and for a moment tears came to the eyes of the aged mother Mr Hobson then inscribed this telegram to the Associated Press

"Accept warmest thanks for your kind message It has lifted from our minds a heavy weight of anxiety

The little town was soon informed of the good news and business was suspended while the tidings were discussed and speculation engaged as to how soon Greensboro would see the hero of the Merrimac

Arabians Enroute From Fort Wayne to Damascus Lost Their Lives

Salem Bashara, the prominent Arab who conducts a business house on East Columbia street, yesterday afternoon received a telegram from Juba Damose, dated Halifax in which the sender stated that thirteen of the sixteen Arabians who left Fort Wayne last week for Damascus lost their lives on the L Bourgogne The two saved besides Damose were John Jaady and Elisa Abdalla The other members of the party were Shekrilla Bos Shaheen Hange, Salem Hange, George Azeez, Salem Mofarege, George Eade, Asa Barahat, Mike Jezzar, Nekoli Theeb, Mrs Shakreen Mofarege Miss Mary Azeez, Miss Gateeba Bezk and Salem Malick

The Arabs were en route home to settle up their affairs and then return to America to live Six of them were to have been married and expected to bring their brides to America

Salem Malick, one of the unfortunates, was an intelligent man, and it was his intention when he returned home, to give lectures upon The Syrians, Their Country and Mode of Living He was provided with a photographer's outfit and intended, he said, to take a lot of pictures in his native country and have them prepared for stereopticon views for use in his lectures Malick's mother resides not far from Damascus, and he anticipated much pleasure from a visit with her His sweetheart remained in Fort Wayne fondly looking forward to his return, when she was to become his bride The departure of these Syrians last week was an affecting scene They embraced those to be left behind in a most affectionate manner, and when the train pulled out of the station strong men wept as they waved their hands at the dark faces of their countrymen at the windows of the coaches

CUBANS DID NOT KILL SPANISH PRISONERS.

WASHINGTON, July 7—The war department today posted the following dispatch from General Shafter, received in response to an inquiry as to the reported killing of Spanish prisoners by Cubans

"PLAYA DEL ESTE, July 7—Honorable Secretary War Washington—Dispatch as to killing prisoners by Cubans is absolutely false No prisoners have been turned over to them and they have shown no disposition to treat badly any Spaniards who have fallen into their hands "SHAFTER, Major General Commanding"

LIEUT. BALDWIN.

Our Merch Appointed to Office Today.

Will Serve His Country as a Second Lieutenant in the Volunteer Signal Corps

THE SENTINEL is in receipt of an Associated Press dispatch from Washington giving the names of a number of appointments to positions in the Volunteer signal corps Among them is that of Merchant H Baldwin of Fort Wayne who will be a second lieutenant in that department Mr Baldwin is the well known Nickel Plate train dispatcher He applied for a position in the signal service several weeks ago and received assurance from Mr Fairbanks that his application would be personally looked after and the senator has fulfilled his promise

Some weeks ago it was announced by an evening contemporary in this city that the appointment expected by Mr Baldwin had been conferred upon another and that the genial and patriotic train dispatcher would not be given a place in the army Mr Baldwin's friends however, have felt confident that he would not be overlooked

An interesting event which enlisted the patriotic attention of the people of Rome City took place a day or two ago in that pretty watering place when a flagstaff was raised at the cottage of Peter Henkenius, of Fort Wayne The pole is of genuine Jacksonian hickory and the flag which floats from its peak is the glorious stars and stripes

WAS BLANCO'S ORDER

The General Compelled Cervera to Sail From Santiago.

TEXT OF SPANISH ADMIRAL'S REPORT.

WASHINGTON, July —The war department has received the report of Admiral Cervera to General Blanco on the disastrous naval fight to the Spanish cruisers off Santiago It is as follows

To the General in chief, Havana In compliance with your orders I went out yesterday from Santiago de Cuba with all the squadron, and, after an unequalled combat against forces more than triple mine, had all my squadron destroyed by fire Teresa, Oquendo and Vizcaya beached and Colon fleeing I accordingly informed the Americans and went ashore and gave myself up The torpedo chasers foundered I don't know how many were lost, but it will surely reach 600 dead and many wounded

"Although not in such great numbers, the living are prisoners of the Americans The conduct of the crew rose to a height that won the most enthusiastic plaudits of the enemy The commander of the Vizcaya surrendered his vessel His crew are very grateful for the noble generosity with which they are treated Among the dead is Villamil and I believe Lazaga (Spelling uncertain) and among the wounded Concas and Ulate We have lost all and are necessarily depressed "CERVERA"

CERVERA TREATED WITH EVERY CONSIDERATION

(Copyright 1898 by the Associated Press)

HEADQUARTERS OF GENERAL SHAFTER, Tuesday, July 5, per the Associated Press dispatch boat Dandy, via Port Antonio and Kingston, Jamaica, July 6—5 p m—Admiral Cervera, who was transferred from the Gloucester to the battleship Iowa is being treated with every consideration In brief interviews today he stated that he was ordered to leave the harbor, but refused to say from whom the orders came

Today's estimate of the Spanish loss in the naval battle is placed at 1,000 killed and 1,500 captured, against which stands an American loss of one killed and two wounded

General Young, who has been very ill with a fever for the past week, left for the United States on the transport Cherokee today It is not believed that his illness will result fatally but his physician said there could be no hope for his recovery if he remained in Cuba Dr Guiteras has a large number of cases in his fever hospital, but there is not the slightest indication of yellow fever, most cases being malaria typhoid and measles

PRISONERS OF THE CRISTOBAL COLON.

(Copyright 1898 by the Associated Press)

GUANTANAMO, Monday, July 4, 6 p m, per the Associated Press dispatch boat Dandy, via Kingston, Jamaica, July 6, 6 p m — Delayed in Transmission)—The steamer Resolute arrived today with 500 prisoners, including eighteen of the officers and crew of the Spanish cruiser Cristobal Colon

The disposition of the prisoners has not yet been decided on The number of killed and wounded on the Cristobal Colon was very small

Officers of the American vessels which were in pursuit of her say that as it was a question of only a short time when the Cristobal Colon should be compelled to surrender or run ashore, they ceased firing on her, and only three of her crew were killed all sailors and thirteen were wounded

Before running their ship ashore and hoisting the white flag they opened the Kingston valves on board the Colon and threw overboard the breech blocks of every gun including those of their Mauser rifles The captured Spaniards were remarkably cheerful

The officers say they had nothing to eat for twenty four hours before the destruction of the fleet, and in order to get the men to their posts large amounts of liquor were given out

Many of the captured sailors still showed the effects of drink when put on board the Resolute

The Spanish officers say the order to sail was given by the ministry of marine at Madrid, and they decided to make an attempt to escape on Saturday night, but it was postponed until Sunday morning, for the reason that "quarters inspection" would be held at that time and the Americans would not be at their guns

None of the Spaniards expected to be alive at noon on Sunday, believing the destruction of the fleet to be certain

Most of their valuables were put on the Cristobal Colon, the fastest boat of the Spanish fleet, and everything was done to give her the best opportunity to escape

The Spanish officers profess great admiration for the American ships, especially the Brooklyn, New York and Oregon

The Spanish prisoners say that if the Americans had pressed the land forces much longer the Spaniards would have been compelled to surrender, as the troops were completely worn out

BROOKLYN WAS HIT FORTY-FIVE TIMES.

(Copyright 1898 by the Associated Press.)

GUANTANAMO, July 4, via Port Antonio, Jamaica, per the Associated Press dispatch boat Dandy, July 6 via Kingston, Jamaica, July 6, 7 p m—When the Spanish fleet left Santiago de Cuba it was with the intention to make for Cienfuegos, the nearest port, to secure coal and provisions

All the ships were very short of coal, the Cristobal Colon having only two days' supply, which she had secured at Santiago

The Spaniards concentrated their fire on the Brooklyn, hoping to disable that vessel, which they considered the fastest of the American ships, and thus give an opportunity at least for one or two of the Spanish boats to escape The Brooklyn was hit forty five times

The Spaniards estimate the forces behind the fortifications of Santiago de Cuba at about 11,000, including the 4,000 reinforcements brought by General Pando, which are known to be in Santiago The forces, besides General Pando's regulars and 2,000 volunteers, are not to be depended on Eleven hundred marines and sailors were withdrawn from the city when the Spanish fleet made its ill fated sortie

URGES GRATITUDE.

President McKinley Issues a Proclamation.

People of America Called Upon to Return Thanks to the Almighty for Divine Favor

WASHINGTON, July 7—President McKinley at 11 40 last night issued the following proclamation:

"To the People of the United States of America.

"At this time, when to our yet fresh remembrance of the unprecedented success which attended the operations of the United States fleet in the bay of Manila on the first day of May last, are added the tidings of the no less glorious achievements of the naval and military arms of our beloved country at Santiago de Cuba, it is fitting that we should pause, staying the feeling of exultation that too naturally attends the great deeds wrought by our countrymen in our country's cause, and should reverently bow before the throne of divine grace and give devout praise to God, who holdeth nations in the hollow of His hands, worketh upon them marvels of His high will, and who has thus far vouchsafed to us the light of His face and led our brave soldiers and seamen to victory I, therefore, ask the people of the United States on next assembling for divine worship in their respective places of meeting, to offer thanksgiving to Almighty God, who in His inscrutable ways is now leading our hosts upon the waters to unscathed triumph, is now guiding them in a strange land through the dread shadows of death to success, even though at fearful cost; is now bearing them without accident or loss to far distant climes, and who has watched over our cause and brought nearer the success and attainment of just and honorable peace With the nation's thanks let there be mingled the nation's prayers that our gallant sons may be shielded from harm alike on the battlefield and in the clash of fleets, and be spared the scourge of suffering and disease while they are striving to uphold their country's honor and withal let the nation's heart be stilled with holy awe at the thought of the noble men who have perished as heroes die, and be filled with compassionate sympathy for all those who suffer bereavement or endure sickness, wounds and bonds by reason of the awful struggle. Above all let us pray with earnest fervor that the Dispenser of all good may speedily remove from us the untold afflictions of war and bring to our dear land the blessings of restored peace and to all the domain now ravished by cruel strife the priceless boon of security and tranquility.

The loss of the French liner La Bourgogne with 600 souls off Sable island is a catastrophe so appalling as to almost stun apprehension of its terrible magnitude. Added to the dreadful fact that 600 lives were engulfed by the remorseless sea is the shocking story that none of the women and children were saved No effort appears to have been made to rescue the weak and helpless. Men fought like demons for places in the life boats and the women and children were beaten back, thrown overboard and, climax of all infamies, were even slaughtered with knives like so many sheep. The loss of La Bourgogne is only another sad chapter in the endless tragic story of the sea

A more annoying war than the present conflict with Spain is imminent. There is in Washington a wide and somewhat bitter difference of opinion as to whom shall be given the credit for the magnificent destruction of Admiral Cervera's squadron Acting Admiral Sampson, as the commander-in-chief of the combined American fleets, stands in position to be glorified for the victory. But Sampson was not at the harbor's mouth when Cervera made his dash for liberty He was a dozen miles to the east and Commodore Schley was in command. Schley led the chase and directed the battle. Now it is said that there is an official cabal against Schley and that in Washington the high war officers are disposed to place the wreath of victory on Sampson's brow, whether or no At the national capital parties are forming on the dispute and in the senate Schley's partisans, who appear to be numerous, are determined the dashing commodore shall have an absolutely "square deal."

Science as War's Servant.

It was hoped in vain that the increase in the death dealing power of modern weapons would put an end to war because the destructive capacity of modern warfare would appall the humane spirit of the time. War continues, and everywhere the process of enlarging armaments is going on. The dynamite projectile is thrown, and the most explosive shells that can be compounded are burst, and the wider the destruction the greater the applause

And yet it remains true that wars are shortened by the perfection in directness which science is giving to the apparatus and methods of warfare. When it is well that war should be waged it is certainly well that it should be done quickly The Franco German war, the recent campaigns in southeastern Europe the conflict between Japan and China, and, as it will prove, the war between America and Spain have all been in marked contrasts to the old contests which lasted year after year until a "thirty years' war became a familiar phrase Science, in quickening the facilities for military transportation and for military destruction, has also shortened the period in which commerce is interrupted, productive forces diverted and a strain put upon the national susceptibilities to suffering.

Again, the aid of scientific discovery and application saves the the strength and mitigates the pain of the individual warrior. The hygienic precautions enforced by medical supervision, and all the ministries of ambulance, hospital tent and hospital ship, with their corps of skilled attendants, bring to the hardships and pains of the field the same relief that is provided for those living in the homes of peace.

The engineering skill that builds roads and bridges, makes and records topographical surveys and strings electric wires is having a large opportunity in the present war. An electric line starting from General Shafter's tent in the Cuban jungle has the other terminus at Washington, and submarine cables are laid or transferred along the coast with astonishing celerity

It is this quick adaptation of means to ends—an adaptation learned amid the arts of peace—that is making war a scientific game, and that in course of time will supersede the present method of arms by something as effective and less wasteful in the settlement of national controversies.

FOURTH IN CAMP.

Soldier Boys Passed a Very Quiet Day.

There Were Some Fireworks and Shooting in the Evening—Private McMiller Gets a Furlough

The following letter is received from THE SENTINEL correspondent at Chickamauga

HEADQUARTERS TWENTY EIGHTH LIGHT BATTERY, IND. VOL
CHICKAMAUGA PARK, GA
July 6, '98.

TO THE SENTINEL:

To the biggest majority of our boys the Fourth of July of '98 was spent in the quietest manner they remember of ever celebrating it if the boys had been at home yesterday they doubtless would have indulged heartily and noisily in the customary racket, called the Fourth of July celebration. But here we were obliged to be content with a lazy holiday. The Indianapolis battery woke up the camp with an early morning salute of twenty-one guns and this was practically all the shooting that occurred until noon, when the Pittsburg, Pa., battery fired a national salute of forty-five guns Aside from the regular stable, police, and guard duty the boys had nothing to do all day Quite a number, the full limit allowed to be absent from the company in one day, were excused and went up to Chattanooga, where several Fourth of July celebrations were advertised to take place.

Look Out mountain probably drew the largest crowds of visitors as there were several fine attractions advertised for that resort, among which was a barbecue given by a labor organization

Of course the larger part of the soldiers in camp were obliged to remain at home and our boys spent the most of their time in reading newspaper accounts of the battle at Santiago, magazines and periodicals and in catching up in their letter writing. The base ball cranks gathered on the drill ground and played a practice game. Perhaps a half-dozen members of our company had provided themselves with a few firecrackers, torpedoes, etc. Corp. John Vordermark had received in the early morning mail a toy paper cap pistol and several boxes of caps from some lady friend at home and he amused himself by sitting on a camp stool in front of his tent, firing at will at every Spaniard who came into sight. So anxious was he to fire his little shooter that he got the range on the other side of the company street and everything that passed by, man, horse, dog, colored laundry woman or newsboy, was obliged to dodge about and retreat from the heavy firing of his little one shooter.

About 7:30 in the evening one of the Ohio batteries pulled out onto the drill ground, unlimbered and prepared to fire. As soon as it had become sufficiently dark the battery commenced firing by piece, and along one edge of the drill ground, just in the rear of General Williston's headquarters, a squad of battery men were kept firing off beautiful sky-rockets, Roman candles, flower pots, torpedoes and other fireworks. Away across the field and upon the top of the high tower on Snodgrass Hill could be seen similar fireworks ascending into the dark space. During all this noise and fireworks a little misting rain came down, and soon the large crowd of soldiers and friends from the city began breaking away until only a few who had come out prepared for rain were left This celebration was kept up until after taps and then quietly died away, and thus the glorious Fourth of July for the Fort Wayne battery boys was spent.

This morning witnessed the inauguration of a new order of drills. Hereafter four mounted gun sections, with three teams to each piece, will on each Tuesday and Thursday go out for a long practice march. The first trial of these marches was made this morning, the soldiers leaving camp under command of Captain Ranke at 8 o'clock and returning at noon. The boys who went out on this march looked like birds that had been bathing in dust, so white with the dirt were their uniforms when they came back to camp, but they all spoke well of the trip and enjoyed it very much.

This afternoon Andrew McMiller, one of our men who has been very low in the Leiter hospital for fifty-one days, came walking into camp to pay the boys a visit. Mr Miller is looking very thin, but says he is getting allong nicely. He has been given a sixty-day furlough, and when the boys learned this and also that he was nearly broke, Sergeant George Durfee and Privates D. W. Strauss and Phill Miller made a canvass of the members of the company and in a few minutes collected over $37. This act of the boys was kept quiet until the roll call at retreat, when Sergeant Durfee stepped out in front and calling Mr. Miller to his side made a short speech, and then presented him with the purse with the compliments of the boys of the Fort Wayne battery.

Mr Miller was taken completely by surprise, but he managed to muster up enough nerve to thank the boys for their kind remembrance He will leave the latter part of this week for his home in Winchester, Ind

John Furste returned to camp this morning after having attened the funeral of his sister, Mary, at Fort Wayne. He brought many messages and several packages from friends at home for the boys.

Kenneth Swift, who has been in the hospital for a week or so, is now very much improved THE SENTINEL correspondent called at the hospital this afternoon and found he had been sitting up. Swift says he expects to be out again in a few days

A TRAGIC DEATH.

P. W. Schaden Lost His Life in the Waters of Delta Lake.

Goes Down While Trying to Teach His Son How to Swim—Home Shrouded in Gloom.

P W Schaden the well known attorney and prominent democratic politician, was drowned in Delta lake last evening

Mr. Schaden was an expert swimmer, and two or three times in every week would go with his sons to Lakeside and enjoy a swim in Delta lake. Last evening he went with his sons, Will, Frank and Julian, to take the usual dip in the lake. The father and son, Will, entered the water on the east bank and swam across to the northwest corner. An older son, who is a good swimmer, went across with them When a few yards from the bank Mr Schaden was overcome in some manner and went down

Deputy Sheriff Stout was near the bridge and heard the son cry out to the father that he was going down. With a reassuring voice Mr. Schaden said "No, now, you aren't put your arm around my neck and I will take you to shore" In a moment Mr Stout heard a voice inquire if assistance was needed and there came no reply A second time the question was asked and then came a loud scream from the son Thomas Cleary, a mover from Defiance, Ohio, who was camped in Lakeside park, was on the north bank when the father and son were struggling through the water, and he it was who asked if assistance was needed. When the son screamed Mr. Cleary quickly threw off his outer clothing and jumped into the water. He caught the lad and brought him to the shore and then went back to get Mr. Schaden, who had gone down and never came up. Although the water was less than five feet deep Mr. Cleary could not locate the body.

By this time Deputy Sheriff Stout and several others arrived on the scene and an alarm was immediately sent to the city, the patrol wagon responding with the drag hooks, which were put into immediate use. Hugh Olds and John Geismar took two of the poles and, wading out into the lake, commenced to search for the body. Finally Mr. Olds caught Mr. Schaden and dragged him to the shore, where every effort possible was made to resuscitate him. He had been in the water a half hour or more and all these efforts were unavailing. Coroner Kappel was sent for and viewed the body on the bank. He ordered it taken to Peltier's morgue. Later the remains were taken to the home of the deceased, corner of Washington and Garden streets.

The news of the tragic death was not slow in spreading about the city and scores of people went to Lakeside in the hopes of rendering some aid. The sons of Mr. Schaden started home, but delayed on the way long enough for Mrs. Schaden to learn of the tragic death from some other source than through them. R. L Romy, whose office is in the Bank block with Mr. Schaden's, drove to the Schaden home and told the wife of the terrible news. She had an intimation before his arrival that something was wrong and when the truth dawned upon her she was completely prostrated.

Peter W. Schaden was a native of Ohio, his parents coming from Germany, having settled near Cleveland. He was born August 6, 1854, and during boyhood attended the district schools. At the age of thirteen he was apprenticed to a wagonmaker and afterwards became an expert woodworker. At eighteen he was a foreman in a large manufactory in Cleveland. Meeting with an accident, which compelled him to leave work for a time, he put in the enforced vacation at Oberlin college and then determined to devote some years to the pursuit of knowledge. Consequently, after some time spent at his trade, he returned to college and spent three and one-half years in the acquirement of learning. He studied German at Baldwin university at Berea, spending his vacation in teaching. Having been graduated he was placed at the head of the public schools of Berea, teaching German and Greek, and in the meantime devoting considerable time to the study of law. In 1881 he was admitted to the bar, and formed a partnership with Judge Geddes, ex-member of congress, at Mansfield. Overstudy and hard work had undermined his health, and he gave up his practice, to accept a position as special pension examiner under President Cleveland in 1885. He came to Fort Wayne, to make his headquarters, and had lived here ever since. At the conclusion of his term of office he resumed the practice of law, and has been an honored and conspicuous figure at the bar. He was a candidate for judge of the superior court before the democratic convention and made a strong and manly canvass. In 1890 Mr. Schaden was appointed, with Judge Zollars, to instruct the voters of the city in the use of the Australian ballot, and was engaged likewise in 1892.

Mr. Schaden was married while at Berea, but his wife died after his removal to this city. Two years ago he was married to Miss Maude Lipes, who survives him. He leaves three sons, William, Frank and Julian.

Mr. Schaden was a straightforward, honorable gentlemen, a successful lawyer and his personal qualities made him well liked by all with whom he formed an acquaintance. He was a dutiful husband, kind and loving father and it was the delight of his life to make life pleasant for his little sons. He was with them much of the time, riding and swimming in the summer and skating in the winter. Once while skating the father broke through the ice and the sons saved him by throwing a stick to his assistance.

Mr. Schaden was an expert swimmer and prided himself on this fact, and only yesterday remarked to R L Romy that he intended to take his son out in the evening and learn him to swim. He had two or three times during his life saved persons from drowning and for one of these brave acts was presented a medal.

The mother of the deceased lives in Elyria, Ohio, and was notified last night of the terrible fate of her son.

The funeral of the late P. W. Schaden will be held Saturday morning at 10 o'clock from the house, Rev. L. L. Henson, officiating.

MEETING OF BAR

There was a meeting of the Allen county bar this morning in the circuit court room to take action on the death of Attorney Peter W. Schaden Judge Zollars presided Short eulogistic addresses were made by many of the attorneys present and a motion was adopted authorizing the chairman to appoint a committee on resolutions to report at a meeting to be held one hour before the time of the funeral. Chairman Zollars appointed the following committee. Judge W. G. Colerick, Hon. Thomas E Ellison, Jas. E. Graham, William Shambaugh, Judge S. R. Alden and Prosecutor N D. Doughman.

Remarkable Rescue.

Mrs. Michael Curtain, Plainfield, Ill., makes the statement, that she caught cold, which settled on her lungs; she was treated a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefitted from first dose. She continued its use and after taking six bottles, found herself sound and well; now does her own housework, and is as well as she ever was—Free trial bottles of this Great Discovery at Dreier & Bro.'s drug store. Large bottles 50 cents and $1.00.

Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters;' and, to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cts per bot. at Dreier & Bros. drug store.

THE Spanish-American War

Pictured by PHOTOGRAPH and DRAWING.

Our Nation In War!

HISTORICALLY ACCURATE The Battles of Our Country BY PHOTOGRAPH AND DRAWING —ON— Sea and Shore

ARTISTICALLY BEAUTIFUL A Panoramic Story of the Battles and Heroism of American Soldiery.

Comprising a pictographic history of our country, from 1775 to 1898, in the inspiration of master painters' conceptions and the photographic art.

This is the most magnificent, most richly illuminated, and most valuable portfolio of war scenes ever published, presenting, as it does, a wealth of historic illustrations that is almost incomputable, reproduced from collections made by the government and by states at a cost of millions of dollars.

The purpose of this splendid publication is to educate, and to interest the masses in the glory chivalry, and righteous spirit of our defenders, and to increase appreciation of the sacrifices and achievements of the nation, which have established our reputation as the grandest republic ever founded by the wisdom of man.

The War of Our Nation is published in a series of weekly numbers, 11 x 13½ inches in sizes, and each part will contain sixteen or more half-toned photo graphs, specially taken for the work, which will included such subjects as the following: Reproductions of the greatest paintings ever produced, picturing the most tragid events of American history in the war of revolution, of 1815, of our war with Mexico; our Indian Wars; the great civil conflict, and our battles with Spain, representing in pictographic elaboration the most thrilling incidents that have taken place in our country's history on land and sea. The publication also comprises photographs and original drawings of current scenes at the front, such as bombardments, naval engagements, acts of individual heroism, batteries in action, cavalry charges military manoeuvres, battleships, sorties, and in fact of every important phase and feature connected with the Spanish-American conflict. The complete series will therefore be the most superb pictorial history of the nation that was ever printed, the value of which is greatly increased by the graphic descriptive text that accompanies each illustration. A better idea may be obtained of the comprehensive scope and invaluable character of the work by the picture contents of Part 1, which include the following sumptuous reproductions, 8x10 inches in size.

Thousands of sick and suffering people are like the poor cripple in the Bible, who had no one to help him down to the life-giving pool before some one else slipped in ahead of him. So many sufferers feel that if they could only get a little help to overcome their extreme weakness they would then be able to regain their coveted health and strength.

It is just these people that Dr. Pierce's Golden Medical Discovery is designed to help. It is the strong, helping hand for those who are in the extreme of bodily weakness and nervous exhaustion. It promptly tones, nourishes and builds up the entire system. It gives keen appetite, good digestion, pure blood, muscular strength, nerve-force and renewed activity.

"When I first wrote you I was completely discouraged," says Mrs. W. M. Satterly, living at ..., Tioga Co., N. Y. (P. O. Box 401), in a letter to Dr. Pierce. "I was in pain all the time, could not lie in bed on account of severe sharp pains in my back and right hip. Had pains through the lower part of my body and elbows hurt me so much I could scarcely lift my baby. My skin was dry, harsh and I had hung like sacks on my arms. My husband called the doctor, and he said it was ... and my age. His medicine did me no good. I kept getting worse and weaker. I thought I should go crazy. One day I wrote you and received advice. I have taken Dr. Pierce's Golden Medical Discovery, his 'Favorite Prescription' and 'Pleasant Pellets,' and now I can lie in bed with some comfort and can do a good day's work."

The most valuable book for both men and women is Dr. Pierce's Common Sense Medical Adviser. A splendid 1008 page volume, with engravings and colored plates. A copy, paper-covered, will be sent to anyone sending twenty-one cents in one-cent stamps, to pay the cost of mailing *only*, to Dr. R. V. Pierce, Buffalo, N. Y. Cloth-bound, 31 stamps.

Will be the Flag Staff at the Electric Works.

Will Have a Steel Tube Core, With a Pine Casing—A Wabash Shopman Receives Painful Injuries.

The carpenters at the electric works are engaged in constructing a flag staff, which will be a novelty in that line. The piece will have a steel tube core and an outer casing built with pine planks, put together in a manner similar to that employed in the construction of the pole described in a recent issue of THE SENTINEL. It will be one of the most expensive and prettiest poles in the city and when completed will be erected in the corner of the "L" of the main factory building. The pole will not be completed before next Tuesday and the time of its dedication has not yet been set. The announcement will be made in ample time for all to prepare for it.

A SHOPMAN INJURED.

L. O. Harvuot, of 39 West Washington street, is now in the Wabash railway hospital at Peru. Yesterday while assisting in handling some engine drive-wheels, a companion loosened his hold for an instant and the crank of the hoisting crane caught Mr. Harvuot in the stomach and flung him forward several feet. He alighted on his head and shoulders, receiving a cut in the back of his head about two inches long. Dr. M. F. Porter dressed the wound, putting several stitches into it, and the unfortunate man was sent to the hospital to remain until he fully recovers.

The Pennsylvania lines will have two seaboard excursions out of this territory in the next sixty days, one on July 19, the other on August 10.

The Electric corporation is getting ready to install a lighting plant at Green Bay, Wis. This morning the dynamos and station equipment material, also lamps, were shipped to that city.

Born, to Mr. and Mrs. F. W. Gardiner, 42 Harmer street, a daughter. The father is a painter at the east shops

William Wiggins has been promoted to first assistant engineer on the Pittsburg, Fort Wayne and Chicago, with headquarters at Fort Wayne.

W. C. Brewster and P. F. Fuller, Nickel Plate brakemen, are at work again. The former had been visiting in Michigan and the latter was kept at home by the serious illness of his mother.

Locomotive works are so busy that the railroad companies find it difficult to get engines built as promptly as they desire. The five leading works have orders which will keep them busy for months.

Bert Glenn, an old Fort Wayne boy, has returned to his home in St. Louis after a visit with relatives in this city. Mr. Glenn, who is an engineer, is now running on the Wabash between St. Louis and Decatur.

General Manager Bradbury, of the Lake Erie & Western, recommends that the present year the company lay forty miles of new steel on the main line. This is about double the mileage of the new rail laid last year.

The Brice people expect to complete by December 1 the links which make the Lake Erie & Western a part of an east and west trunk line. There are now three pieces of road in course of construction, in all there being 136 miles of new road built, and the work is so divided that it progresses rapidly.

At the Trinity M. E. parsonage last evening at 8 o'clock, Rev. Sherman Powell married John T. Merriott and Miss Cora I. Glessner. The couple immediately repaired to their own home, on Rivermet avenue, which they had already prepared for occupancy. Mr. Merriott is night caller of engine crews for the Nickel Plate, and his bride is one of our most estimable young ladies.

Instead of G. J. Grammar having his authority curtailed with the election of W. H. Newman as president of the Lake Shore road, he has been given more authority as general traffic manager. In this connection it is stated that President Ingalls would have been greatly pleased to have secured Mr. Grammar as successor of the late William Walker, traffic manager of the Chesapeake and Ohio.

Diedrich Bleke, one of the veterans in the Pittsburg shops, is sick and off duty for the first time in many months. Mr. Bleke was for thirty years engaged in loading and rolling car wheels at the shop and it is said that he was an expert in that line. But the infirmities of age made his retirement from that position necessary and for the past ten years he has served as janitor in the shop.

The loaded freight car mileage of of the Lake Erie and Western in its last fiscal year was 24,320,906 miles against 23,126,075 miles in the preceding year. While there was such an increase in loaded freight car mileage there were but 13,183 freight trains run, against 13,942 in the preceding year. The heavier locomotives and better track enabled the company to move the much larger tonnage with fewer freight trains. In 1896 but 27.5 cars per train were hauled, while in 1897 29.1 cars were hauled.

The order of the Pennsylvania company to the effect that yard and trainmen must carry standard watches is exciting unfavorable but unjust comment. The standard code provides that conductors and engineers must carry watches which will not vary over thirty seconds per week, and with this limit the watches of the trainmen of two opposing trains may vary fifty-nine seconds a week. Experience has shown that with all the precaution taken, aside from the variation of watches, there is a wider variation than a minute, and the great trouble is that trainmen take advantage of the variation and use it. Numerous collisions can be traced to this fact, and not only will the Pennsylvania lines enforce the rule that all train employes, but even the flagmen of the train and yardmen shall carry only standard watches. At a meeting of railway superintendents the feeling was very pronounced in the direction of taking no backward step in the matter.

H. Ritchey has retired from the Wayne hotel, which will hereafter be under the sole managment of R. D. Rankin. Mr. Ritchey has made many friends during his stay in Fort Wayne who will wish him success in whatever he may undertake.

COLUMBUS FRANCHISE GOES TO DENVER

DENVER, Col., July 7.—It is announced that the Columbus base ball team of the Western league will be removed to Denver and that hereafter Denver will be included in this league. It is probable that the former Columbus team will finish this season's playing as representing Denver, at any rate Denver will be in the Western league beginning with the season of 1899.

NOTES.

Tomorrow is ladies' day at Lakeside and there should be a large attendance.

President Meyer is trying to sign Andrews, late of Cedar Rapids, to play short.

The Shamrocks will play one of Chicago's city league teams the latter part of next month.

Grand Rapids' corps of pitchers is now Wayne, Altrock, Harper and Nonnamacher. Rapp and Coleman have been released.

Butler, the Columbus outfielder, had his hand torn almost off on the Fourth by the explosion of a giant firecracker. Amputation may be necessary.

Baltimore sold Quinn and O'Brien and then found itself without an extra infielder. At Walter Wilmot's recommendation Artie Ball, formerly with Minneapolis, has been signed. Ball played fine ball in yesterday's two games.

All postponed games in the Robison Park league must hereafter be played on the park grounds. One game has been played at Lakeside park. This game is legal and will be counted in the race, as permission to play the game was granted by the president of the league.

THE JURY AGREED

After It Had Deliberated for Almost Twenty-four Hours.

They Find for Both Defendant and Plaintiff and Judge O'Rourke Sends Them Back—Notes.

The fourth trial of the suit of Taylor vs. Lehman ended in a victory for plaintiff. The jury had been out twenty-one hours when Judge O'Rourke sent for them with the purpose of discharging them. He felt, however, that they might be able to agree and sent the jury back. Later they returned with a verdict finding for plaintiff for $112.50 for rent and for defendant for $360 damages. A double verdict could not be accepted and they were again sent to the jury room, returning finally with a verdict of $25 for plaintiff. This is not a victory for either, as it does not allow Mrs. Taylor her rent nor Mr. Lehman any damages. Both sides are dissatisfied as the small verdict doesn't carry with it attorney fees nor court costs.

NOTES.

Judge Hellor, of Decatur, is expected here this afternoon to hear some evidence in the case of Notestine vs. Alben.

The county commissioners today established a change in the Jacobs road, which will be opened 115 feet further north than at first intended.

The board is this afternoon hearing arguments in the matter of the changing the route of the Fairfield road in Wayne township.

In the circuit court suits to quiet title have been filed by Thomas McComb vs. Eleanor H. Orr et al. and Joseph Porter vs. Eleanor H. Orr et al. Hon. W. G. Colerick is plaintiff's attorney.

Frank Gephart was fined $1 and costs by Squire France for assault on Emile Quiquarry.

The will of Richard Woulfe has been filed for probate. He leaves all his property to his wife.

COMPETITION IS HOT.

Bids for Street Improvements Will be Opened Tonight

There Will be at Least Three Bidders Unless Some Agreement is Reached—Municipal Affairs.

The meeting of the board of public works will be a most important one tonight. Bids will be opened for the new asphalt payments to be placed on Cass and High streets and Fairfield avenue. There are almost twenty squares to be paved, a total of about 17,000 yards. The competition for the work is very warm and besides O. E. Guelick, of the Alcatraz company, bids will be submitted by the Barber company, represented by J. M. Wright, and the Columbia Construction company, represented by F. E. Cole. The competition between the Barber company and the Alcatraz company has been very bitter, the former underbidding the Alcatraz in Detroit and the latter underbidding the Barber in Buffalo.

The competition is just as bitter in Fort Wayne and unless the representatives enter into some agreement before the bids are submitted there is a general belief that those streets will be the cheapest of any improved in the city in many years. Mr. Goiberson, representing the Berea curbing stone, and Mr. Bantin, representing the Parkhurst curbing, are here submitting propositions for their curbings to the contractors.

The Alcatraz company is pushing work on the south side streets rapidly and it will not be many weeks until they will be ready for use. The board has not determined when to commence work on Calhoun street.

THE BICYCLE TAGS.

There has been a rush for bicycle tags during the last twenty-four hours and every person who owns a wheel is taking out a tag, at least it would seem so to watch the comptroller's office. Mr. Berghoff has determined to enforce the ordinance and after today arrests may be made of violators. The law provides that bicycle tags must be attached in front of the wheel and those persons who have a tag and do not put it on the wheel are liable to arrest.

Comptroller Berghoff sent the following communication to Superintendent Gorsline today:

FORT WAYNE, IND., July 7, 1897.

To the Superintendent of Police, City:

DEAR SIR.—The council has decided that the vehicle law remains as it stands today. This being the case it becomes my duty to enforce it impartially and strictly in justice to all concerned, and this I shall attempt to do. As there is no special license officer, I must ask you as superintendent of police to assist me in inforcing it against all alike, wheelmen as well as drivers of vehicles of any kind, by arresting everyone concerned who uses the streets contrary to law without displaying the proper tag as provided in ordinance, a copy of which is herewith inclosed. I shall also insist upon strict inforcement of the peddlers' ordinances and I want the officers on duty to see the license of every peddler or street fakir

Yours respectfully,
H. C. BERGHOFF, Comptroller.

PASSED BY SENATE.

Hawaiian Resolution Gets a Decisive Majority.

There Were 42 Votes for Annexation and 21 Against—Six Democrats Vote for the Resolution.

WASHINGTON, July 7.—The annexation of Hawaii is now accomplished so far as the legislative branch of the government is concerned.

Quite unexpectedly the resolutions providing for the annexation of the islands were brought to a vote in the senate late yesterday afternoon and they were passed by the decisive vote of 42 to 21.

The test vote came on an amendment offered by Mr. White, of California. It was offered with no expectation that it would be adopted, but merely to place the ideas and opinions of the opponents of annexation on record. It was rejected by a vote of 40 to 20, indicating that the annexationists were strongly in the majority.

Amendment after amendment was offered, but the advocates of the resolutions stood steadily together gaining rather than losing strength on the successive votes.

Finally, at 3:30 p. m., the resolutions themselves, in precisely the form in which they were received from the house of representatives, were reported to the senate and the roll call began. Intense interest was manifested by every spectator. Not a sound was to be heard in the chamber except the call of the clerk and the responses of senators. When the vice president announced the vote by which the resolutions were passed a tremendous wave of applause swept through the galleries, which the vice president made no effort to check. Those who had advocated the resolutions expressed their pleasure by shaking hands with one another, and on all sides evident relief was shown that the end had come. For a few minutes so much good-natured confusion existed that the dignity of the senate was threatened, but Vice President Hobart quietly reminded senators that the session was not yet at an end.

Mr. Morrill, of Vermont, was the only republican who voted against the resolutions, although Mr. Thurston, of Nebraska, and Mr. Spooner, of Wisconsin, were paired against them. Six democrats—Mr. Gorman, of Maryland; McLaurin, of South Carolina; Money, of Mississippi; Morgan, of Alabama; Pettus, of Alabama, and Sullivan, of Mississippi—voted in favor of annexation.

The Spirit of War is on the Deep.

The big guns are uttering their savage barks, and the sharp crack of rapid firing rifles is heard echoing along the waters, marking where the conflict rages. Those who are unable to participate in the war against Spain may find satisfaction in following events as they occur on land and sea, and which are admirably pictured in this superb portfolio series, of "Our Nation in Wars" each weekly issue of which contains sixteen or more magnificent photographic views of actual happings at the front. Each picture is accompanied by a graphic descriptive text so as to present a comprehensive history, illustrative and narrative, of the war now being vigorously prosecuted. A work of this character, so pleasing to the eye and so impressive to the understanding, is as instructive as it is interesting, and should receive an enthusiastic welcome in the home of every loyal American, and its preservation should be carefully attended to. The value of this series, while very great now, will rapidly increase with the passing years, until those who have the prudence to keep the full file will presently find that it is grown almost beyond estimation and become a record of incalculable worth. 5-2t

WOMEN THINK OF WAR.

Assurance of Co-operation Sent to the President by Denver Clubwomen.

The "double bill" feature of the federation was inaugurated recently with prospects of numerous cases of nervous prostration among the fair enthusiasts who have planned to take in all of them. Incoming trains continue to bring clubwomen to increase the crush, and the two places of assemblage, the Broadway theater and the Unity church, were packed to their utmost capacity.

The war issue crops out occasionally. At the instigation of Mrs. W. B. Belknap of Louisville this message was wired to Washington the other day:

To the President of the United States.

Greeting from the general federation of women's clubs. Assurance of co-operation with you in our emergency.

Mrs. Marie Bemick of the Chicago Women's club is also working on a resolution to discourage a national policy of conquest.—New York World.

MRS. RORER ON COMPLEXION.

Not a Matter of Outward Application.

Mrs. Rorer answers, in the Ladies' Home Journal, an enquiror about good complexion, resting that it can only come from a healthy condition of the entire system and that it is not a matter of outward application, finishing with the statement that "our food cannot possibly agree with you if you have muscular rheumatism and a bad complexion."

It is a known fact that many people fail to properly digest the starchy part of bread and other food. Grape-Nuts (a delightful breakfast food, are made of the grape sugar which results from preparing the starchy parts of the cereals, in the same way artificially as the body should do by natural processes. Therefore Grape Nuts give one food all ready for immediate assimilation into blood and tissue. They are made by the Postum Co. at Battle Creek, Mich., and are ready prepared, requiring no cooking whatever and will be found most valuable by Athlete, Brain worker or invalid.

TIRED OF THE WAR.

Spanish Officers Desert and Flee Within Shafter's Lines.

LINARES TO BE GIVEN TIME TO SURRENDER

WASHINGTON, July 7.—Advices received here this morning from General Shafter announce that a number of high Spanish officers are deserting across the lines at Santiago into the American camps. This act is regarded here as highly significant of an early surrender.

MADRID HEARS THAT THE FIGHTING IS RENEWED.

MADRID, July 7.—10 A. M.—A rumor is current here to the effect that the bombardment of Santiago de Cuba has commenced. The Spanish batteries are said to be replying vigorously.

DEWEY DID NOT FIRE ON A GERMAN SHIP.

WASHINGTON, July 7.—The last advices from Admiral Dewey received here were dated July 4. As they make no mention of trouble with Germany, the rumor that he had fired on a German vessel is pronounced baseless. No advices could have reached a cable station since July 4.

WATSON'S FLEET TO LEAVE AT ONCE.

WASHINGTON, July 7.—4 p. m.—Secretary Long has just cabled Admiral Sampson ordering him to detach immediately Commodore Watson's squadron and directing him to proceed at once upon his mission. The vessels will be the Iowa, Oregon, Newark and three cruisers, besides coal ships.

WILL WAIT FOR LINARES TO QUIT.

WASHINGTON, July 7.—It is learned from high source that the war conference today was held for the purpose of going over the situation at Santiago and that no disposition to rush an attack on the city was shown. It is stated that the administration is reasonably well satisfied with the present situation and has no desire to precipitate affairs there at a costly sacrifice of lives or ships.

It is confidently believed that General Linares will surrender when he sees that the American army is to be reinforced by 15,000 or 20,000 men. No intimation to this effect has been received from any quarter, but the officials believe that the Spanish general will see the utter hopelessness of the situation and yield to the inevitable.

If, however, the Spaniards persist in needlessly sacrificing the lives of their own men and ours all the strength of the army and navy will be hurled against them with a view to putting an end to the struggle in the shortest possible time. The question of directing General Miles to take command of the Porto Rican expedition was not brought up in the conference, nor were any matters discussed that did not directly pertain to operations in front of Santiago.

MILES STARTS AT ONCE FOR CUBA.

WASHINGTON, D. C., July 7.—General Miles and staff will leave here at 10:45 o'clock tonight on a special train over the Southern railway, going to Charleston, S. C., where he will take a transport vessel for Santiago.

STARVING REFUGEES FLEE FROM SANTIAGO.

(Copyrighted, 1898, by the Associated Press.)

EL CANEY, near Santiago de Cuba, July 6, 4 p. m., by the Associated Press dispatch boat Wanda, via Port Antonio and Kingston, Jamaica, July 7, 10:45 a. m.—Between 12,000 and 15,000 innocent victims of the war have fled here in wild panic to escape the terrors of the threatened bombardment of Santiago, and they are now confronted by the horrors of starvation.

In their helpless condition they are appealing to General Shafter for succor. Most of them are foreigners, principally Frenchmen or with an admixture of foreign blood, and their interests are being looked after by their consuls. When they were informed yesterday that General Toral refused to consider the question of surrendering they swarmed out of the north gate of the city all day and trudged through the blazing sun over the road which in places was ankle deep in mud. Tottering old men and women were supported by children, and mothers with babes at their breasts struggled on toward El Caney, San Luis and other towns. Most of them came here last night, and over 5,000 of them slept in the village which, under ordinary circumstances, hardly accommodates 300 people. They were crowded together in the houses, upon the verandas and in the streets. At daylight those who had been overtaken by darkness on the wayside began to pour in and at this hour they are still coming. Already more than 15,000 are here.

They were not allowed to bring food with them, and those who have money are as destitute as those who are without. Rich and poor, cultured and ignorant, white and black, are huddled together, choking the walks between the houses with gaunt despair written on their countenances. The ignorant desire only to be fed and the cultured want to get away anywhere, anyhow, away from the war which has driven them from their homes.

Pathetic sights are witnessed on all sides. There are women of good birth and education supported by frail girls who hide their faces from the vulgar gaze of others who surge about them. In the eyes of both mothers and daughters is the haunted look which wild animals have when driven to bay.

HEAVY BATTERIES ORDERED TO SANTIAGO.

WASHINGTON, July 7.—With a view of giving General Shafter the benefit of more heavy artillery, orders were issued today for the immediate departure of four heavy batteries to Tampa for transportation to Santiago at once. These batteries are K, of the Seventh artillery at Willets Point, D, of the Fourth artillery at Fort McHenry, Md., and H and K, of the Second artillery, at Fort Adams, and elsewhere in Rhode Island. Rush orders were given to each of these batteries and it is expected that they will start for Tampa today.

DESTRUCTION OF THE REINA MERCEDES.

WASHINGTON, July 7.—Admiral Sampson has telegraphed the navy department as follows from his flagship New York, off Santiago, dated yesterday:

"About midnight last night the Reina Mercedes was seen by the Massachusetts, which vessel had a searchlight on the channel, coming out of the harbor of Santiago. The Massachusetts and Texas opened fire and the Spanish vessel was sunk opposite Estrella cove. I am inclined to think it was the intention to sink her in the channel and thus block the harbor entrance. If so this plan was defeated by the fire of the ships, as she lies on the edge of the shore."

"That Awful Crowd."

Last evening, at the home of Mr. and Mrs. J. D. Brady, No. 8 Burgess street, occurred the organization of a new club, which will be known as "That Awful Crowd," with a charter membership of twelve. The club will meet every other Friday evening beginning with July 15th, their sole object being to draw out the funny side of life. The role will be doubled before the membership limit is reached, and, fortunate indeed, will be those who are chosen to complete the list, and wear the colors pink and white with the carnation as their floral emblem. There will be an election of officers at the next meeting, after which "That Awful Crowd" expects to have some terrible times.

URGE HER TO PEACE.

Newspapers Throughout Europe Counsel Spain.

Sagasta's Cabinet Soon To Be Superseded.

A New Government Will Have to End the War.

It is Learned From Madrid That Admiral Villamil Was Killed in Sunday's Naval Battle.

LONDON, July 7.—The newspapers throughout Europe today are urging Spain to sue for peace. It is generally recognized that Senor Sagasta's cabinet will shortly be suspended.

The difficulty in the way of peace is the army, which is anxious to retrieve the failure of the navy.

RESIGN RATHEH THAN SEEK PEACE.

MADRID, July 7.—10 A. M.—A Spanish cabinet minister is quoted in an interview as saying that the present government of Spain will devote itself solely to the defense of the Spanish coasts, and that if negotiations for peace must be opened, they will have to be conducted by another government.

ADMIRAL VILLAMIL AMONG THE DEAD.

MADRID, July 7.—10 A. M.—The cabinet is of the opinion that the fleet of Admiral Camara should continue its voyage to the Philippine islands.

The government has received a telegram from Admiral Cervera announcing the death of Admiral Villamil, who was in command of the Spanish torpedo boat squadron at Santiago de Cuba, and the suicide of Captain Lazaga, the commander of the Infanta Maria Teresa.

RUMORS THAT SPAIN WILL SEEK PEACE.

WASHINGTON, D. C., July 7.—Unofficial advises to the administration from sources heretofore accurate say Spain will sue for peace this week. At the same time no such suggestion from Spain, direct or indirect, has been received. The government will listen if approached in a proper spirit.

MUST FIGHT TO SAVE HER GOOD REPUTE.

MADRID, July 7.—3 P. M.—A minister, after the cabinet meeting today, declared that if Admiral Cervera had succeeded in escaping the Spaniards would have sued for peace. But, he added, in view of the destruction of the Spanish fleet the war must be continued, lest Spain be accused of cowardice or fear.

Dispatches received here from official sources at Havana announced that there is an enthusiastic desire to continue the war.

ADJOURNS TOMORROW.

House of Representatives Passes the Necessary Resolution.

WASHINGTON, July 7.—Speaker Reed had not returned to Washington today and in his absence Mr. Payne, republican, of New York, was designated to preside over the house. The galleries were filled with members of the National Educational association, now holding its meeting in this city.

Mr. Dalzell, republican, of Pennsylvania, offered from the committee on ways and means, a concurrent resolution providing for final adjournment of the session of congress at 2 o'clock tomorrow. It was immediately passed and generally applauded by the members.

HOBSON A FREE MAN.

Exchange of the Hero and His Gallant Crew Has Been Made.

HOBSON RECEIVED WITH WILDEST DELIGHT

(Copyrighted, 1898, by the Associated Press.)

OFF JURAGUA, July 6, evening, by the Associated Press Dispatch Boat Wanda, to Port Antonio, Jamaica, July 7, via Kingston, Jamaica, July 7 (7:30 a. m.)—Assistant Naval Constructor Richmond P. Hobson, of the flagship New York, and the seven seamen who, with him, sailed the collier Merrimac into the channel of the harbor of Santiago de Cuba on June 3 last and sunk her there, were surrendered by the Spanish military authorities today, in exchange for prisoners captured by the American forces.

Hobson and his men were escorted through the American lines by Captain Chadwick, of the New York, who was awaiting them. Every step of their journey was met by the wildest demonstrations on the part of the American soldiers, who threw aside all semblance of order, scrambled out of the entrenchments, knocked over tent guys and other camp paraphernalia in their eagerness to see the returning heroes, and sent up cheer after cheer for the men who had passed safely through the jaws of death to serve their country.

The same scenes of enthusiasm were repeated upon the arrival of the men at the hospital station and at our base at Juragua.

Hobson, who reached there in advance of his companions, was taken on board the New York immediately. The flagship's decks were lined with officers and men, and, as Hobson clambered up her side and stepped on board his vessel, the harbor rang with the shouts and cheers of his comrades, which were re-echoed by the crews of a dozen transports lying near by.

Hobson had little to say in regard to his experiences, except that he and his companions had been well treated by the Spaniards and that they were in excellent health.

The Spanish authorities consented this morning to exchange Hobson and his men and a truce was established for that purpose. The place selected for the exchange was under a tree between the American and Spanish lines, two-thirds of a mile beyond the entrenchments occupied by Colonel Woods' rough riders, near General Wheeler's headquarters, and in the center of the American line. The American prisoners left the Reina Mercedes hospital, on the outskirts of Santiago, where they had been confined, at 2:15 this afternoon, in charge of Major Irales, a Spanish staff officer, who speaks English perfectly.

The prisoners were conducted to the meeting place on foot, but were not blindfolded. Colonel John Jacob Astor and Lieutenant Miley, accompanied by Interpreter Maestro, were in charge of the Spanish prisoners. These consisted of Lieutenants Amelio Volez and Aurilius, a German belonging to the Twenty-ninth regular infantry, who were captured at El Caney on Friday last, and Lieutenant Adolfo Aries, of the First Provisional regiment of Barcelona, one of the most aristocratic military organizations of the Spanish army, and fourteen non-commissioned officers and privates.

Lieutenant Aries and a number of the men were wounded in the fight at El Caney. The Spanish prisoners were taken through the American lines mounted and blindfolded. The meeting between Colonel Astor and Major Irles was extremely courteous but very formal and no attempt was made by either of them to discuss anything but the matter in hand.

Major Irles was given his choice of three Spanish lieutenants in exchange for Hobson and was also informed that he could have all of the fourteen men in exchange for the American sailors. The Spanish officers selected Lieutenant Aries, and the other two Spanish officers were conducted back to Juragua.

It was then not later than 4 o'clock, and just as everything was finished and the two parties were separating, Major Irales turned and said courteously enough but in a tone which indicated considerable defiance, and gave his hearers the impression that he desired hostilities to be renewed at once.

"Our understanding is, gentlemen, that this truce comes to an end at 5 o'clock."

Colonel Astor looked at his watch, bowed to the Spanish officer without making a reply and then started back slowly to the American lines, with Hobson and his companions following.

The meeting of the two parties and the exchange of prisoners had taken place in full view of both the American and Spanish soldiers who were entrenched near the meeting place and the keenest interest was taken in the episode.

SHAFTER ANNOUNCES EXCHANGE OF HOBSON.

WASHINGTON, July 7.—General Shafter's telegram announcing the exchange of Lieutenant Hobson and his men is as follows:

"Playa del Este, July 7.—Secretary of War, Washington.—Headquarters Fifth Army Corps, Cuba, July 6.—Lieutenant Hobson and all of his men have just been received safely in exchange for Spanish officers and prisoners taken by United States. All in good health except two seamen convalescing from remittent fever. SHAFTER,

"Major General Commanding."

HOW HOBSON'S PARENTS RECEIVED THE NEWS.

GREENSBORO, Ala., July 7.—It was nearly 10 o'clock this morning when the diminutive lad who carries messages for the telegraph company ran up the walks into the house of James M. Hobson, bearing an Associated Press telegram.

Mr. Hobson threw down his morning paper and, opening the envelope, read its contents.

His face flushed with pleasure as he stepped quickly to another part of the house, calling Mrs. Hobson's name as he went. She soon responded and in a twinkling the family was in possession of the information that their brave son Richmond, who sailed the Merrimac into the harbor of Santiago, had been exchanged, and was in the hands of his friends.

The family were overjoyed and for a moment tears came to the eyes of the aged mother. Mr. Hobson then inscribed this telegram to the Associated Press:

"Accept warmest thanks for your kind message. It has lifted from our minds a heavy weight of anxiety."

The little town was soon informed of the good news and business was suspended while the tidings were discussed and speculation engaged as to how soon Greensboro would see the hero of the Merrimac.

ON THE L'BOURGOGNE.

Arabians Enroute From Fort Wayne to Damascus Lost Their Lives.

Salem Bashara, the prominent Arab who conducts a business house on East Columbia street, yesterday afternoon received a telegram from Jube Damose, dated Halifax, in which the sender stated that thirteen of the sixteen Arabians who left Fort Wayne last week for Damascus lost their lives on the L'Bourgogne. The two saved besides Damose were John Jeady and Ellisa Abdalla. The other members of the party were: Shekralla Bos, Shaheen Haage, Salem Haage, George Azeez, Salem Moiarege, George Eade, Asa Birahet, Mike Jozaar, Nokola Theob, Mrs. Shahreena Moiarego, Miss Mary Azeez, Miss Gareeba Rezk and Salem Malick.

The Arabs were en route home to settle up their affairs and then return to America to live. Six of them were to have been married, and expected to bring their brides to America.

Salem Malick, one of the unfortunates, was an intelligent man, and it was his intention, when he returned home, to give lectures upon "The Syrians, Their Country and Mode of Living." He was provided with a photographer's outfit, and intended, he said, to take a lot of pictures in his native country and have them prepared for stereopticon views for use in his lectures. Malick's mother resides not far from Damascus, and he anticipated much pleasure from a visit with her. His sweetheart remained in Fort Wayne, fondly looking forward to his return, when she was to become his bride. The departure of these Syrians last week was an affecting scene. They embraced those to be left behind in a most affectionate manner, and when the train pulled out of the station strong men wept as they waved their hands at the dark faces of their countrymen at the windows of the coaches.

Miss Katie Zehendner, of Lakeside, is enjoying an outing at Maxinkuckee lake for a few days.

TO HOIST THE FLAG.

Cruiser Philadelphia Ordered to Hawaii.

Will Gather the Islands Into the Union.

The Ship to Sail In a Very Few Days.

The President Will at Once Appoint a Commission to Frame Laws for Hawaiians.

WASHINGTON, July 7.—Secretary Long today gave orders for the departure of the Philadelphia from Mare Island for Hawaii. She will carry the flag of the United States to those islands and include them within the Union. Admiral Miller, commanding the Pacific station, who is now at Mare Island, will be charged with this function of hoisting the flag that was hauled down by Commissioner Blount.

The ship will be ready for sea in a very few days under the secretary's orders, and should make the trip in a week. Meanwhile the president will appoint a commission immediately to frame the laws necessary for the changed condition of affairs in Hawaii. This must be done before the adjournment of congress, as the commissioners are subject to confirmation.

ADMIRAL DEWEY SAYS TROOPS HAVE LANDED.

WASHINGTON, D. C., July 7.—The navy department has received the following cablegram from Admiral Dewey:

"Cavite, July 4, via Hong Kong, July 7.—United States troops have been comfortably housed at Cavite, Luzon Island. Insurgents still active. Aguinaldo proclaimed himself president of the revolutionary republic on July 1. DEWEY."

MANILA EXPEDITION LEAVES HONOLULU.

HONOLULU, June 29, via San Francisco, July 7.—The second fleet of transports arrived here June 23 and sailed for Manila June 25. The Monterey and collier Brutus arrived June 24 and left for Manila June 29. The trip was successful, the Monterey going under her own steam until June 18, when Brutus took her in tow.

ALL IS QUIET AT CITY OF MANILA.

HONG KONG, July 7.—The British collier Eddie, which left Manila on July 3, arrived here today. She reports that no attack had been made upon that town up to the time of her leaving there. Four German, three British, two French and one Japanese warships were then at Manila.

CUBANS DID NOT KILL SPANISH PRISONERS.

WASHINGTON, July 7.—The war department today posted the following dispatch from General Shafter, received in response to an inquiry as to the reported killing of Spanish prisoners by Cubans:

"PLAYA DEL ESTE, July 7.—Honorable Secretary War, Washington.—Dispatch as to killing prisoners by Cubans is absolutely false. No prisoners have been turned over to them, and they have shown no disposition to treat badly any Spaniards who have fallen into their hands. "SHAFTER,

Major-General Commanding."

LIEUT. BALDWIN.

Our Merch Appointed to Office Today.

Will Serve His Country as a Second Lieutenant in the Volunteer Signal Corps.

THE SENTINEL is in receipt of an Associated Press dispatch from Washington, giving the names of a number of appointments to positions in the Volunteer signal corps. Among them is that of Merchant H. Baldwin, of Fort Wayne, who will be a second lieutenant in that department. Mr. Baldwin is the well known Nickel Plate train dispatcher. He applied for a position in the signal service several weeks ago and received assurance from Mr. Fairbanks that his application would be personally looked after and the senator has fulfilled his promise.

Some weeks ago it was announced by an evening contemporary in this city that the appointment expected by Mr. Baldwin had been conferred upon another and that the genial and patriotic train dispatcher would not be given a place in the army. Mr. Baldwin's friends, however, have felt confident that he would not be overlooked.

An interesting event which enlisted the patriotic attention of the people of Rome City took place a day or two ago in that pretty watering place when a flagstaff was raised at the cottage of Peter Henkenius, of Fort Wayne. The pole is of genuine Jacksonian hickory and the flag which floats from its peak is the glorious stars and stripes.

WASBLANCO'S ORDER

The General Compelled Cervera to Sail From Santiago.

TEXT OF SPANISH ADMIRAL'S REPORT.

WASHINGTON, July 7.—The war department has received the report of Admiral Cervera to General Blanco on the disastrous naval fight to the Spanish cause off Santiago. It is as follows:

"To the General-in-chief, Havana: In compliance with your orders I went out yesterday from Santiago de Cuba with all the squadron, and, after an unequalled combat against forces more than triple mine, had all my squadron destroyed by fire, Teresa, Oquendo and Vizcaya beached and Colon fleeing. I accordingly informed the Americans and went ashore and gave myself up. The torpedo chasers foundered. I don't know how many were lost, but it will surely reach 600 dead and many wounded.

"Although not in such great numbers, the living are prisoners of the Americans. The conduct of the crew rose to a height that won the most enthusiastic plaudits of the enemy. The commander of the Vizcaya surrendered his vessel. His crew are very grateful for the noble generosity with which they are treated. Among the dead is Villamil and I believe Lazaga (Spelling uncertain) and among the wounded Concas and Eulate. We have lost all and are necessarily depressed.

"CERVERA."

CERVERA TREATED WITH EVERY CONSIDERATION.

(Copyright, 1898, by the Associated Press.)

HEADQUARTERS OF GENERAL SHAFTER, Tuesday, July 5, per the Associated Press dispatch boat Dandy, via Port Antonio and Kingston, Jamaica, July 6.—5 p. m.—Admiral Cervera, who was transferred from the Gloucester to the battleship Iowa, is being treated with every consideration. In brief interviews today he stated that he was ordered to leave the harbor, but refused to say from whom the orders came.

Today's estimate of the Spanish loss in the naval battle is placed at 1,200 killed and 1,500 captured, against which stands an American loss of one killed and two wounded.

General Young, who has been very ill with a fever for the past week, left for the United States on the transport Cherokee today. It is not believed that his illness will result fatally, but his physician said there could be no hope for his recovery if he remained in Cuba. Dr. Guiteras has a large number of cases in his fever hospital, but there is not the slightest indication of yellow fever, most cases being malaria, typhoid and measles.

PRISONERS OF THE CRISTOBAL COLON.

(Copyright, 1898, by the Associated Press.)

GUANTANAMO, Monday, July 4, 6 p. m., per the Associated Press dispatch boat Dandy, via Kingston, Jamaica, July 5, 6 p. m.—(Delayed in Transmission.)—The steamer Resolute arrived today with 500 prisoners, including eighteen of the officers and crew of the Spanish cruiser Cristobal Colon.

The disposition of the prisoners has not yet been decided on. The number of killed and wounded on the Cristobal Colon was very small.

Officers of the American vessels which were in pursuit of her say that as it was a question of only a short time when the Cristobal Colon should be compelled to surrender or run ashore, they ceased firing on her, and only three of her crew were killed (all sailors) and thirteen were wounded.

Before running their ship ashore and hoisting the white flag they opened the Kingston valves on board the Colon and threw overboard the breech blocks of every gun, including those of their Mauser rifles. The captured Spaniards were remarkably cheerful.

The officers say they had nothing to eat for twenty-four hours before the destruction of the fleet, and in order to get the men to their posts large amounts of liquor were given out.

Many of the captured sailors still showed the effects of drink when put on board the Resolute.

The Spanish officers say the order to sail was given by the ministry of marine at Madrid, and they decided to make an attempt to escape on Saturday night, but it was postponed until Sunday morning, for the reason that "quarters inspection" would be held at that time and the Americans would not be at their guns.

None of the Spaniards expected to be alive at noon on Sunday, believing the destruction of the fleet to be certain.

Most of their valuables were put on the Cristobal Colon, the fastest boat of the Spanish fleet, and everything was done to give her the best opportunity to escape.

The Spanish officers profess great admiration for the American ships, especially the Brooklyn, New York and Oregon.

The Spanish prisoners say that if the Americans had pressed the land forces much longer the Spaniards would have been compelled to surrender, as the troops were completely worn out.

BROOKLYN WAS HIT FORTY-FIVE TIMES.

(Copyright, 1898, by the Associated Press.)

GUANTANAMO, July 4, via Port Antonio, Jamaica, per the Associated Press dispatch boat Dandy, July 6, via Kingston, Jamaica, July 6, 7 p. m.—When the Spanish fleet left Santiago de Cuba it was with the intention to make for Cienfuegos, the nearest port, to secure coal and provisions.

All the ships were very short of coal, the Cristobal Colon having only two days' supply, which she had secured at Santiago.

The Spaniards concentrated their fire on the Brooklyn, hoping to disable that vessel, which they considered the fastest of the American ships, and thus give an opportunity at least for one or two of the Spanish boats to escape. The Brooklyn was hit forty-five times.

The Spaniards estimate the forces behind the fortifications of Santiago de Cuba at about 11,000, including the 4,000 reinforcements brought by General Pando, which are known to be in Santiago. The forces, besides General Pando's regulars and 2,000 volunteers, are not to be depended on. Eleven hundred marines and sailors were withdrawn from the city when the Spanish fleet made its ill-fated sortie.

URGES GRATITUDE.

President McKinley Issues a Proclamation.

People of America Called Upon to Return Thanks to the Almighty for Divine Favor.

WASHINGTON, July 7.—President McKinley at 11:40 last night issued the following proclamation:

"To the People of the United States of America:

"At this time, when to our yet fresh remembrance of the unprecedented success which attended the operations of the United States fleet in the bay of Manila on the first day of May last, are added the tidings of the no less glorious achievements of the naval and military arms of our beloved country at Santiago de Cuba, it is fitting that we should pause, staying the feeling of exultation that too naturally attends the great deeds wrought by our countrymen in our country's cause, and should reverently bow before the throne of divine grace and give devout praise to God, who holdeth nations in the hollow of His hands, worketh upon them marvels of His high will, and who has thus far vouchsafed to us the light of His face and led our brave soldiers and seamen to victory. I, therefore, ask the people of the United States on next assembling for divine worship in their respective places of meeting, to offer thanksgiving to Almighty God, who in His inscrutable ways is now leading our hosts upon the waters to unscathed triumph; is now guiding them in a strange land through the dread shadows of death to success, even though at fearful cost; is now bearing them without accident or loss to far distant climes, and who has watched over our cause and brought nearer the success and attainment of just and honorable peace. With the nation's thanks let there be mingled the nation's prayers that our gallant sons may be shielded from harm alike on the battlefield and in the clash of fleets, and be spared the scourge of suffering and disease while they are striving to uphold their country's honor; and withal let the nation's heart be stilled with holy awe at the thought of the noble men who have perished as heroes die, and be filled with compassionate sympathy for all those who suffer bereavement or endure sickness, wounds and bonds by reason of the awful struggle. Above all, let us pray with earnest fervor that the Dispenser of all good may speedily remove from us the untold afflictions of war and bring to our dear land the blessings of restored peace and to all the domain now ravished by cruel strife the priceless boon of security and tranquillity.

I washed my head with hot water and Cuticura Soap, and applied Cuticura as a dressing. Now my head hasn't a pimple on it and my hair is growing splendidly. ADA C. HARRELL, 330 Grand St., Jersey City, N. J.

I thought I would go frantic with itching scalp humors. I lost considerable of my hair of which I had an abundance. I tried several remedies, they failed. I tried Cuticura Soap, relief immediate, itching completely gone. Mrs. M. JUDAN, 246 Halliday St., Jersey City.

MISSOURI has more chickens than any other state in the union. In 1890, when the latest United States census was taken, the chicken population amounted to 23,000,000, and there were more than 2,000,000 fowls of other varieties. The product in eggs for that year was 53,000,000 dozen, valued at about $5,000,000.

THERE is a real estate dealer in Washington named William McKinley. There used to be a real estate dealer there named John Sherman, and he caused his venerable senatorial namesake a great deal of annoyance. It looks queer to see signboards upon vacant lots offering property for sale or rent by William McKinley.

THE loss of the French liner La Bourgogne with 600 souls off Sable Island is a catastrophe so appalling as to almost stun apprehension of its terrible magnitude. Added to the dreadful fact that 600 lives were engulfed by the remorseless sea is the shocking story that none of the women and children were saved. No effort appears to have been made to rescue the weak and helpless. Men fought like demons for places in the life boats and the women and children were beaten back, thrown overboard and, climax of all infamies, were even slaughtered with knives like so many sheep. The loss of La Bourgogne is only another sad chapter in the endless tragic story of the sea.

A MORE annoying war than the present conflict with Spain is imminent. There is in Washington a wide and somewhat bitter difference of opinion as to whom shall be given the credit for the magnificent destruction of Admiral Cervera's squadron. Acting Admiral Sampson, as the commander-in-chief of the combined American fleets, stands in position to be glorified for the victory. But Sampson was not at the harbor's mouth when Cervera made his dash for liberty. He was a dozen miles to the east and Commodore Schley was in command. Schley led the chase and directed the battle. Now it is said that there is an official cabal against Schley and that in Washington the high war officers are disposed to place the wreath of victory on Sampson's brow, whether or no. At the national capital parties are forming on the dispute and in the senate Schley's partisans, who appear to be numerous, are determined the dashing commodore shall have an absolutely "square deal."

Science as War's Servant.

It was hoped in vain that the increase in the death dealing power of modern weapons would put an end to war because the destructive capacity of modern warfare would appall the humane spirit of the time. War continues, and everywhere the process of enlarging armaments is going on. The dynamite projectile is thrown, and the most explosive shells that can be compounded are burst, and the wider the destruction the greater the applause.

And yet it remains true that wars are shortened by the perfection in directness which science is giving to the apparatus and methods of warfare. When it is well that war should be waged it is certainly well that it should be done quickly. The Franco German war, the recent campaigns in southeastern Europe, the conflict between Japan and China, and, as it will prove, the war between America and Spain have all been in marked contrasts to the old contests which lasted year after year until a "thirty years' war" became a familiar phrase. Science, in quickening the facilities for military transportation and for military destruction, has also shortened the period in which commerce is interrupted, productive forces diverted and a strain put upon the national susceptibilities to suffering.

Again, the aid of scientific discovery and application saves the strength and mitigates the pain of the individual warrior. The hygienic precautions enforced by medical supervision, and all the ministries of ambulance, hospital tent and hospital ship, with their corps of skilled attendants, bring to the hardships and pains of the field the same relief that is provided for those living in the homes of peace.

The engineering skill that builds roads and bridges, makes and records topographical surveys and strings electric wires is having a large opportunity in the present war. An electric line starting from General Shafter's tent in the Cuban jungle has the other terminus at Washington, and submarine cables are laid or transferred along the coast with astonishing celerity.

It is this quick adaptation of means to ends—an adaptation learned amid the arts of peace—that is making war a scientific game, and that in course of time will supersede the present method of arms by something as effective and less wasteful in the settlement of national controversies.

Your boy slides down banisters, climbs fences, falls off henroosts, and breaks up things generally and is almost always hard on clothes. Now, isn't he?

Doesn't he rip "unrippable" seams, tear out the knees and elbows of his clothes, and often require a new seat to his trousers.

But, bless his heart! wouldn't it be better to have him that way than pining away on a sick bed, running up doctor's bills?

Boys will be boys, anyway. If you bring the young shaver to us, we'll put a suit on him that he won't tear in a hurry.

A nice looking suit, too; all wool, and for little money.

FOURTH IN CAMP.

Soldier Boys Passed a Very Quiet Day.

There Were Some Fireworks and Shooting in the Evening—Private McMiller Gets a Furlough.

The following letter is received from THE SENTINEL correspondent at Chickamauga:

HEADQUARTERS TWENTY-EIGHTH LIGHT BATTERY, IND. VOL.
CHICKAMAUGA PARK, GA., July 5, '98.

To THE SENTINEL:

To the biggest majority of our boys the Fourth of July of '98 was spent in the quietest manner they remember of ever celebrating it. If the boys had been at home yesterday they doubtless would have indulged heartily and noisily in the customary racket, called the Fourth of July celebration. But here we were obliged to be content with a lazy holiday. The Indianapolis battery woke up the camp with an early morning salute of twenty-one guns and this was practically all the shooting that occurred until noon, when the Pittsburg, Pa., battery fired a national salute of forty-five guns. Aside from the regular stable, police, and guard duty the boys had nothing to do all day. Quite a number, the full limit allowed to be absent from the company in one day, were excused and went up to Chattanooga, where several Fourth of July celebrations were advertised to take place.

Look Out mountain probably drew the largest crowds of visitors as there were several fine attractions advertised for that resort, among which was a barbecue given by a labor organization.

Of course the larger part of the soldiers in camp were obliged to remain at home and our boys spent the most of their time in reading newspaper accounts of the battle at Santiago, magazines and periodicals and in catching up in their letter writing. The base ball cranks gathered on the drill ground and played a practice game. Perhaps a half-dozen members of our company had provided themselves with a few firecrackers, torpedoes, etc. Corp. John Vordermark had received in the early morning mail a toy paper cap pistol and several boxes of caps from some lady friend at home and he amused himself by sitting on a camp stool in front of his tent, firing at will at every Spaniard who came into sight. So anxious was he to fire his little shooter that he got the range on the other side of the company street and everything that passed by, men, horse, dog, colored laundry woman or newsboy, was obliged to dodge about and retreat from the heavy firing of his little one shooter.

About 7:30 in the evening one of the Ohio batteries pulled out onto the drill ground, unlimbered and prepared to fire. As soon as it had become sufficiently dark the battery commenced firing by piece, and along one edge of the drill ground, just in the rear of General Williston's headquarters, a squad of battery men were kept firing off beautiful sky-rockets, Roman candles, flower pots, torpedoes and other fireworks. Away across the field and upon the top of the high tower on Snodgrass Hill could be seen similar fireworks ascending into the dark space. During all this noise and fireworks a little misting rain came down, and soon the large crowd of soldiers and friends from the city began breaking away until only a few who had come out prepared for rain were left. This celebration was kept up until after taps and then quietly died away, and thus the glorious Fourth of July for the Fort Wayne battery boys was spent.

This morning witnessed the inauguration of a new order of drills. Hereafter four mounted gun sections, with three teams to each piece, will on each Tuesday and Thursday go out for a long practice march. The first trial of these marches was made this morning, the soldiers leaving camp under command of Captain Ranke at 8 o'clock and returning at noon. The boys who went out on this march looked like birds that had been bathing in dust, so white with the dirt were their uniforms when they came back to camp, but they all spoke well of the trip and enjoyed it very much.

This afternoon Andrew McMiller, one of our men who has been very low in the Leiter hospital for fifty-one days, came walking into camp to pay the boys a visit. Mr. Miller is looking very thin, but says he is getting allong nicely. He has been given a sixty-day furlough, and when the boys learned this and also that he was nearly broke, Sergeant George Durfee and Privates D. W. Strauss and Phill Miller made a canvass of the members of the company, and in a few minutes collected over $37. This act of the boys was kept quiet until the roll call at retreat, when Sergeant Durfee stepped out in front and calling Mr. Miller to his side made a short speech, and then presented him with the purse with the compliments of the boys of the Fort Wayne battery.

Mr. Miller was taken completely by surprise, but he managed to muster up enough nerve to thank the boys for their kind remembrance. He will leave the latter part of this week for his home in Winchester, Ind.

John Furste returned to camp this morning after having attened the funeral of his sister, Mary, at Fort Wayne. He brought many messages and several packages from friends at home for the boys.

Kenneth Swift, who has been in the hospital for a week or so, is now very much improved. THE SENTINEL correspondent called at the hospital this afternoon and found he had been sitting up. Swift says he expects to be out again in a few days.

Beware of Ointments for Catarrh that Contain Mercury,

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. A TRAGIC DEATH.

P. W. Schaden Lost His Life in the Waters of Delta Lake.

Goes Down While Trying to Teach His Son How to Swim—Home Shrouded in Gloom.

P. W. Schaden, the well known attorney and prominent democratic politician, was drowned in Delta lake last evening.

Mr. Schaden was an expert swimmer, and two or three times in every week would go with his sons to Lakeside and enjoy a swim in Delta lake. Last evening he went with his sons, Will, Frank and Julian, to take the usual dip in the lake. The father and son, Will, entered the water on the east bank and swam across to the northwest corner. An older son, who is a good swimmer, went across with them. When a few yards from the bank Mr. Schaden was overcome in some manner and went down.

Deputy Sheriff Stout was near the bridge and heard the son cry out to the father that he was going down. With a reassuring voice Mr. Schaden said: "No, now, you aren't; put your arm around my neck and I will take you to shore." In a moment Mr. Stout heard a voice inquire if assistance was needed and there came no reply. A second time the question was asked and then came a loud scream from the son. Thomas Cleary, a mover from Defiance, Ohio, who was camped in Lakeside park, was on the north bank when the father and son were struggling through the water, and he it was who asked if assistance was needed. When the son screamed Mr. Cleary quickly threw off his outer clothing and jumped into the water. He caught the lad and brought him to the shore and then went back to get Mr. Schaden, who had gone down and never came up. Although the water was less than five feet deep Mr. Cleary could not locate the body.

By this time Deputy Sheriff Stout and several others arrived on the scene and an alarm was immediately sent to the city, the patrol wagon responding with the drag hooks, which were put into immediate use. Hugh Olds and John Geismar took two of the poles and, wading out into the lake, commenced to search for the body. Finally Mr. Olds caught Mr. Schaden and dragged him to the shore, where every effort possible was made to resuscitate him. He had been in the water a half hour or more and all these efforts were unavailing. Coroner Kappel was sent for and viewed the body on the bank. He ordered it taken to Peltier's morgue. Later the remains were taken to the home of the deceased, corner of Washington and Garden streets.

The news of the tragic death was not slow in spreading about the city and scores of people went to Lakeside in the hopes of rendering some aid. The sons of Mr. Schaden started home, but delayed on the way long enough for Mrs. Schaden to learn of the tragic death from some other source than through them. R. L. Romy, whose office is in the Bank block with Mr. Schaden's, drove to the Schaden home and told the wife of the terrible news. She had an intimation before his arrival that something was wrong and when the truth dawned upon her she was completely prostrated.

Peter W. Schaden was a native of Ohio, his parents coming from Germany, having settled near Cleveland. He was born August 6, 1854, and during boyhood attended the district schools. At the age of thirteen he was apprenticed to a wagonmaker and afterwards became an expert woodworker. At eighteen he was a foreman in a large manufactory in Cleveland. Meeting with an accident, which compelled him to leave work for a time, he put in the enforced vacation at Oberlin college and then determined to devote some years to the pursuit of knowledge. Consequently, after some time spent at his trade, he returned to college and spent three and one-half years in the acquirement of learning. He studied German at Baldwin university at Berea, spending his vacation in teaching. Having been graduated he was placed at the head of the public schools of Berea, teaching German and Greek, and in the meantime devoting considerable time to the study of law. In 1881 he was admitted to the bar, and formed a partnership with Judge Geddes, ex-member of congress, at Mansfield. Overstudy and hard work had undermined his health, and he gave up his practice, to accept a position as special pension examiner under President Cleveland in 1885. He came to Fort Wayne, to make his headquarters, and had lived here ever since. At the conclusion of his term of office he resumed the practice of law, and has been an honored and conspicuous figure at the bar. He was a candidate for judge of the superior court before the democratic convention and made a strong and manly canvass. In 1890 Mr. Schaden was appointed, with Judge Zollars, to instruct the voters of the city in the use of the Australian ballot, and was engaged likewise in 1892.

Mr. Schaden was married while at Berea, but his wife died after his removal to this city. Two years ago he was married to Miss Maude Lipes, who survives him. He leaves three sons, William, Frank and Julian.

Mr. Schaden was a straightforward, honorable gentleman, a successful lawyer and his personal qualities made him well liked by all with whom he formed an acquaintance. He was a dutiful husband, kind and loving father and it was the delight of his life to make life pleasant for his little sons. He was with them much of the time, riding and swimming in the summer and skating in the winter. Once while skating the father broke through the ice and the sons saved him by throwing a stick to his assistance.

Mr. Schaden was an expert swimmer and prided himself on this fact, and only yesterday remarked to R. L. Romy that he intended to take his son out in the evening and learn him to swim. He had two or three times during his life saved persons from drowning and for one of these brave acts was presented a medal.

The mother of the deceased lives in Elyria, Ohio, and was notified last night of the terrible fate of her son.

The funeral of the late P. W. Schaden will be held Saturday morning at 10 o'clock from the house, Rev. L. L. Henson, officiating.

MEETING OF BAR.

There was a meeting of the Allen county bar this morning in the circuit court room to take action on the death of Attorney Peter W. Schaden. Judge Zollars presided. Short eulogistic addresses were made by many of the attorneys present and a motion was adopted authorizing the chairman to appoint a committee on resolutions to report at a meeting to be held one hour before the time of the funeral. Chairman Zollars appointed the following committee: Judge W. G. Colerick, Hon. Thomas E. Ellison, Jas. E. Graham, William Shambaugh, Judge S. R. Alden and Prosecutor N. D. Doughman.

Remarkable Rescue.

Mrs. Michael Curtain, Plainfield, Ill., makes the statement, that she caught cold, which settled on her lungs; she was treated a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefitted from first dose. She continued its use and after taking six bottles, found herself sound and well; now does her own housework, and is as well as she ever was—Free trial bottles of this Great Discovery at Dreier & Bro.'s drug store. Large bottles 50 cents and $1.00.

Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters;' and, to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cts per bot. at Dreier & Bros. drug store.

Bucklen's Arnica Salve.

THE **Spanish-American War**

Pictured by PHOTOGRAPH and DRAWING.

Our Nation In War!

HISTORICALLY ACCURATE **The Battles of Our Country** BY PHOTOGRAPH AND DRAWING —ON— **Sea and Shore**

ARTISTICALLY BEAUTIFUL **A Panoramic Story of the Battles and Heroism of American Soldiery.**

Comprising a pictographic history of our country, from 1775 to 1898, in the inspiration of master painters' conceptions and the photographic art.

This is the most magnificent, most richly illuminated, and most valuable portfolio of war scenes ever published, presenting, as it does, a wealth of historic illustrations that is almost incomputable, reproduced from collections made by the government and by states at a cost of millions of dollars.

The purpose of this splendid publication is to educate, and to interest the masses in the glory, chivalry, and righteous spirit of our defenders, and to increase appreciation of the sacrifices and achievements of the nation, which have established our reputation as the grandest republic ever founded by the wisdom of man.

The War of Our Nation is published in a series of weekly numbers, 11 x 13¼ inches in size, and each part will contain sixteen or more half-toned photographs, specially taken for the work, which will included such subjects as the following: Reproductions of the greatest paintings ever produced, picturing the most tragic events of American history in the war of revolution, of 1815; of our war with Mexico; our Indian Wars; the great civil conflict, and our battles with Spain, representing in pictographic elaboration the most thrilling incidents that have taken place in our country's history on land and sea. The publication also comprises photographs and original drawings of current scenes at the front, such as bombardments, naval engagements, acts of individual heroism, batteries in action, cavalry charges, military manoeuvres, battleships, fortifications, and in fact of every important phase and feature connected with the Spanish-American conflict. The complete series will therefore be the most superb pictorial history of the nation that was ever printed, the value of which is greatly increased by the graphic descriptive text that accompanies each illustration. A better idea may be obtained of the comprehensive scope and invaluable character of the work by the picture contents of Part 1, which include the following sumptuous reproductions, 8x10 inches in size.

Thousands of sick and suffering people are like the poor cripple in the Bible, who had no one to help him down to the life giving pool before some one else slipped in ahead of him. So many sufferers feel that if they could only get a little help to overcome their extreme weakness they would then be able to regain their coveted health and strength. It is just these people that Dr. Pierce's Golden Medical Discovery is designed to help. It is the strong, helping hand for those who are in the extreme of bodily weakness and nervous exhaustion. It gently tones, nourishes and builds up the entire system. It gives keen appetite, good digestion, pure blood, muscular strength, nerve-force and renewed activity.

"When I first wrote you I was completely discouraged," says Mrs. W. M. Satterly, living at ..., Tioga Co., N. Y. (P. O. Box 46), in a letter to Dr. Pierce. "I was in pain all the time, and had to lie in bed on account of severe, sharp pains in my back and right hip. Had pull through the lower part of my body and bowels hurt me so much I could scarcely carry my baby. My skin was dry, harsh and ... and hung like sacks on my arms. My husband called the doctor, and he said it was ... and my age. His medicine did me no good. I kept getting worse and weaker. I thought I should go crazy. One day I wrote and received advice. I have taken Dr. Pierce's Golden Medical Discovery, his 'Favorite Prescription' and 'Pleasant Pellets' and I can lie in bed with some comfort and can do a good day's work."

The most valuable book for both men and women is Dr. Pierce's Common Sense Medical Adviser. A splendid 1008-page volume, with engravings and colored plates. A paper-covered copy will be sent to anyone sending twenty-one cents in one-cent stamps, to pay the cost of mailing only, to Dr. R. V. Pierce, Buffalo, N. Y. Cloth-bound, 31 stamps.

Will be the Flag Staff at the Electric Works.

Will Have a Steel Tube Core, With a Pine Casing—A Wabash Shopman Receives Painful Injuries.

The carpenters at the electric works are engaged in constructing a flag staff, which will be a novelty in that line. The piece will have a steel tube core and an outer casing built with pine planks, put together in a manner similar to that employed in the construction of the pole described in a recent issue of The Sentinel. It will be one of the most expensive and prettiest poles in the city and when completed will be erected in the corner of the "L" of the main factory building. The pole will not be completed before next Tuesday and the time of its dedication has not yet been set. The announcement will be made in ample time for all to prepare for it.

A SHOPMAN INJURED.

L. O. Harvuot, of 39 West Washington street, is now in the Wabash railway hospital at Peru. Yesterday while assisting in handling some engine drive-wheels, a companion loosened his hold for an instant and the crank of the hoisting crane caught Mr. Harvuot in the stomach and flung him forward several feet. He alighted on his head and shoulders, receiving a cut in the back of his head about two inches long. Dr. M. F. Porter dressed the wound, putting several stitches into it, and the unfortunate man was sent to the hospital to remain until he fully recovers.

P. E. Mills, a car builder, is sick. He is one of the officers of the Pennsylvania relief department.

Abraham Hosler, a carpenter at Rhinesmith & Simonson's factory, is off duty on account of sickness.

J. Zubor, a car builder, nearly severed his left thumb yesterday with a chisel. He will be unable to work for a few days.

A. Gruber has returned from Milwaukee, where he spent a week. This morning he resumed work in the Pittsburg copper shop.

F. M. Worling, Nickel Plate brakeman, who had been visiting his mother in Tiffin, Ohio, resumed his duties on the road yesterday.

Mr. and Mrs. John Carroll are now comfortably domiciled at No. 93 West Williams street. They recently purchased that property.

The Pennsylvania lines will have two seaboard excursions out of this territory in the next sixty days, one on July 19, the other on August 10.

The Electric corporation is getting ready to install a lighting plant at Green Bay, Wis. This morning the dynamos and station equipment material, also lamps, were shipped to that city.

W. C. Brewster and P. F. Fuller, Nickel Plate brakemen, are at work again. The former had been visiting in Michigan and the latter was kept at home by the serious illness of his mother.

Locomotive works are so busy that the railroad companies find it difficult to get engines built as promptly as they desire. The five leading works have orders which will keep them busy for months.

Bert Glenn, an old Fort Wayne boy, has returned to his home in St. Louis after a visit with relatives in this city. Mr. Glenn, who is an engineer, is now running on the Wabash between St. Louis and Decatur.

General Manager Bradbury, of the Lake Erie & Western, recommends that the present year the company lay forty miles of new steel on the main line. This is about double the mileage of the new rail laid last year.

The Erie people expect to complete by December 1 the links which make the Lake Erie & Western a part of an east and west trunk line. There are now three pieces of road in course of construction, in all there being 136 miles of new road built, and the work is so divided that it progresses rapidly.

At the Trinity M. E. parsonage last evening at 8 o'clock, Rev. Sherman Powell married John T. Morrlett and Miss Cora I. Glessner. The couple immediately repaired to their own home, on Rivermet avenue, which they had already prepared for occupancy. Mr. Morrlett is night caller of engine crews for the Nickel Plate, and his bride is one of our most estimable young ladies.

Instead of G. J. Grammar having his authority curtailed with the election of W. H. Newman as president of the Lake Shore road, he has been given more authority as general traffic manager. In this connection it is stated that President Ingalls would have been greatly pleased to have secured Mr. Grammar as successor of the late William Walker, traffic manager of the Chesapeake and Ohio.

Diedrich Bloke, one of the veterans in the Pittsburg shops, is sick and off duty for the first time in many months. Mr. Bloke was for thirty years engaged in loading and rolling car wheels at the shop, and it is said that he was an expert in that line. But the infirmities of age made his retirement from that position necessary and for the past ten years he has served as janitor in the shop.

The loaded freight car mileage of of the Lake Erie and Western in its last fiscal year was 24,320,906 miles against 23,126,075 miles in the preceding year. While there was such an increase in loaded freight car mileage there were but 13,183 freight trains run, against 13,943 in the preceding year. The heavier locomotives and better track enabled the company to move the much larger tonnage with fewer freight trains. In 1896 but 27.6 cars per train were hauled, while in 1897 29.1 cars were hauled.

The order of the Pennsylvania company to the effect that yard and trainmen must carry standard watches is exciting unfavorable but unjust comment. The standard code provides that conductors and engineers must carry watches which will not vary over thirty seconds per week, and with this limit the watches of the trainmen of two opposing trains may vary fifty-nine seconds a week. Experience has shown that with all the precaution taken, aside from the variation of watches, there is a wider variation than a minute, and the great trouble is that trainmen take advantage of the variation and use it. Numerous collisions can be traced to this fact, and not only will the Pennsylvania lines enforce the rule that all train employes, but even the flagmen of the train and yardmen shall carry only standard watches. At a meeting of railway superintendents the feeling was very pronounced in the direction of taking no backward step in the matter.

COLUMBUS FRANCHISE GOES TO DENVER.

Denver, Col., July 7.—It is announced that the Columbus base ball team of the Western league will be removed to Denver and that hereafter Denver will be included in this league. It is probable that the former Columbus team will finish this season's playing as representing Denver, at any rate Denver will be in the Western league beginning with the season of 1899.

NOTES.

Tomorrow is ladies' day at Lakeside and there should be a large attendance.

President Meyer is trying to sign Andrews, late of Cedar Rapids, to play short.

The Shamrocks will play one of Chicago's city league teams the latter part of next month.

Grand Rapids' corps of pitchers is now Wayne, Altrock, Harper and Nunnamacher. Rupp and Coleman have been released.

Butler, the Columbus outfielder, had his hand torn almost off on the Fourth by the explosion of a giant firecracker. Amputation may be necessary.

Baltimore sold Quinn and O'Brien and then found itself without an extra infielder. At Walter Wilmot's recommendation Arlie Ball, formerly with Minneapolis, has been signed. Ball played fine ball in yesterday's two games.

All postponed games in the Robison Park league must hereafter be played on the park grounds. One game has been played at Lakeside park. This game is legal and will be counted in the race, as permission to play the game was granted by the president of the league.

THE JURY AGREED

After It Had Deliberated for Almost Twenty-four Hours.

They Find for Both Defendant and Plaintiff and Judge O'Rourke Sends Them Back—Notes.

The fourth trial of the suit of Taylor vs. Lehman ended in a victory for plaintiff. The jury had been out twenty-one hours when Judge O'Rourke sent for them with the purpose of discharging them. He felt, however, that they might be able to agree and sent the jury back. Later they returned with a verdict finding for plaintiff for $112.50 for rent and for defendant for $360 damages. A double verdict could not be accepted and they were again sent to the jury room, returning finally with a verdict of $25 for plaintiff. This is not a victory for either, as it does not allow Mrs. Taylor her rent nor Mr. Lehman any damages. Both sides are dissatisfied as the small verdict doesn't carry with it attorney fees nor court costs.

NOTES.

Judge Heller, of Decatur, is expected here this afternoon to hear some evidence in the case of Nolestine vs. Allen.

The county commissioners today established a change in the Jacobs road, which will be opened 115 feet further north than at first intended.

The board is this afternoon hearing arguments in the matter of the changing the route of the Fairfield road in Wayne township.

In the circuit court suits to quiet title have been filed by Thomas McComb vs. Eleanor H. Orr et al. and Joseph Porter vs. Eleanor H. Orr et al. Hon. W. G. Colerick is plaintiff's attorney.

Frank Gephart was fined $1 and costs by 'Squire France for assault on Emile Quinquarry.

COMPETITION IS HOT.

Bids for Street Improvements Will be Opened Tonight.

There Will be at Least Three Bidders Unless Some Agreement Is Reached—Municipal Affairs.

The meeting of the board of public works will be a most important one tonight. Bids will be opened for the new asphalt payments to be placed on Cass and High streets and Fairfield avenue. There are almost twenty squares to be paved, a total of about 17,000 yards. The competition for the work is very warm and besides O. E. Guelick, of the Alcatraz company, bids will be submitted by the Barber company, represented by J. M. Wright, and the Columbia Construction company, represented by F. E. Cole. The competition between the Barber company and the Alcatraz company has been very bitter, the former underbidding the Alcatraz in Detroit and the latter underbidding the Barber in Buffalo.

The competition is just as bitter in Fort Wayne and unless the representatives enter into some agreement before the bids are submitted there is a general belief that those streets will be the cheapest of any improved in the city in many years. Mr. Gelberson, representing the Berea curbing stone, and Mr. Buntin, representing the Parkhurst curbing, are here submitting propositions for their curbings to the contractors.

The Alcatraz company is pushing work on the south side streets rapidly and it will not be many weeks until they will be ready for use. The board has not determined when to commence work on Calhoun street.

THE BICYCLE TAGS.

There has been a rush for bicycle tags during the last twenty-four hours and every person who owns a wheel is taking out a tag, at least it would seem so to watch the comptroller's office. Mr. Berghoff has determined to enforce the ordinance and after today arrests may be made of violators. The law provides that bicycle tags must be attached in front of the wheel and those persons who have a tag and do not put it on the wheel are liable to arrest.

Comptroller Berghoff sent the following communication to Superintendent Gorsline today:

Fort Wayne, Ind., July 7, 1897.
To the Superintendent of Police, City:

Dear Sir:—The council has decided that the vehicle law remains as it stands today. This being the case it becomes my duty to enforce it impartially and strictly in justice to all concerned, and this I shall attempt to do. As there is no special license officer, I must ask you as superintendent of police to assist me in inforcing it against all alike, wheelmen as well as drivers of vehicles of any kind, by arresting everyone concerned who uses the streets contrary to law without displaying the proper tag as provided in ordinance, a copy of which is herewith inclosed. I shall also insist upon strict inforcement of the peddlers' ordinances and I want the officers on duty to see the license of every peddler or street fakir.

Yours respectfully,
H. C. Berghoff, Comptroller.

PASSED BY SENATE.

Hawaiian Resolution Gets a Decisive Majority.

There Were 42 Votes for Annexation and 21 Against—Six Democrats Vote for the Resolution.

Washington, July 7.—The annexation of Hawaii is now accomplished so far as the legislative branch of the government is concerned.

Quite unexpectedly the resolutions providing for the annexation of the islands were brought to a vote in the senate late yesterday afternoon and they were passed by the decisive vote of 42 to 21.

The last vote came on an amendment offered by Mr. White, of California. It was offered with no expectation that it would be adopted, but merely to place the ideas and opinions of the opponents of annexation on record. It was rejected by a vote of 40 to 20, indicating that the annexationists were strongly in the majority.

Amendment after amendment was offered, but the advocates of the resolutions stood steadily together gaining rather than losing strength on the successive votes.

Finally, at 5:30 p. m., the resolutions themselves, in precisely the form in which they were received from the house of representatives, were reported to the senate and the roll call began. Intense interest was manifested by every spectator. Not a sound was to be heard in the chamber except the call of the clerk and the responses of senators. When the vice president announced the vote by which the resolutions were passed a tremendous wave of applause swept through the galleries, which the vice president made no effort to check. Those who had advocated the resolutions expressed their pleasure by shaking hands with one another, and on all sides evident relief was shown that the end had come. For a few minutes so much good-natured confusion existed that the dignity of the senate was threatened, but Vice President Hobart quietly reminded senators that the session was not yet at an end.

Mr. Morrill, of Vermont, was the only republican who voted against the resolutions, although Mr. Thurston, of Nebraska, and Mr. Spooner, of Wisconsin, were paired against them. Six democrats—Mr. Gorman, of Maryland; McLaurin, of South Carolina; Money, of Mississippi; Morgan, of Alabama; Pettus, of Alabama, and Sullivan, of Mississippi—voted in favor of annexation.

The Spirit of War Is on the Deep.

The big guns are uttering their savage barks, and the sharp crack of rapid firing rifles is heard echoing along the waters, marking where the conflict rages. Those who are unable to participate in the war against Spain may find satisfaction in following events as they occur on land and sea, and which are admirably pictured in this superb portfolio series, of "Our Nation in Wars" each weekly issue of which contains sixteen or more magnificent photographic views of actual happings at the front. Each picture is accompanied by a graphic descriptive text so as to present a comprehensive history, illustrative and narrative, of the war now being vigorously prosecuted. A work of this character, so pleasing to the eye and so impressive to the understanding, is as instructive as it is interesting, and should receive an enthusiastic welcome in the home of every loyal American, and its preservation should be carefully attended to. The value of this series, while very great now, will rapidly increase with the passing years, until those who have the prudence to keep the full file will presently find that it is grown almost beyond estimation and become a record of incalculable worth. 5-2t

WOMEN THINK OF WAR.

Assurance of Co-operation Sent to the President by Dexter Clubwomen.

The "double bill" feature of the federation was inaugurated recently with prospects of numerous cases of nervous prostration among the fair enthusiasts who have planned to take in all of them. Incoming trains continue to bring clubwomen to increase the crush, and the two places of assemblage, the Broadway theater and the Unity church, were packed to their utmost capacity.

The war issue crops out occasionally. At the instigation of Mrs. W. B. Belknap of Louisville this message was wired to Washington the other day:

To the President of the United States:
Greeting from the general federation of women's clubs. Assurance of co-operation with you in any emergency.

Mrs. Marie Bemick of the Chicago Women's club is also working on a resolution to discourage a national policy of conquest.—New York World.

There are heavy old fortresses fronting the main,
We shall never let up till in dust they are lain
If anything happens to Hobson.

From the east to the west but one purpose shall sway
If anything happens to Hobson.
Let justice prevail and put mercy away
If anything happens to Hobson.
Who is there will linger at anvil or plow?
Who is there will stop to ask "Why?" "When?" or "How?"
Who is there will say, "I am not ready now,"

PROSPERITY IN SIGHT.

After a long and depressing period to everyone, hard times have been left behind. The future of this country is bright. Every man has work. Not in the 33 year's history of this store has the outlook been so good. Business is reviving all over the land. The coming crops bid fair of being the most abundant and finest in quality ever harvested.

Every man smiles constantly at the bright future before us.

DIRECTLY AFTER THE FOURTH THE LONG PROJECTED

Alterations of this store will be begun. We are going to keep pace with our city's growth and give it a store its people will be proud of. A new and handsome front will be put in, extensive alterations will be made on the entire interior part of the store. In every way the service of the store will be of the most modern type.

Our general methods of dealing with our patrons will be as from the beginning of the store. All goods sold to be first-class at low minimum profit.

ONE PRICE TO ALL.—Your child can as safely purchase here as if you came in person.

To make room for these extensive alterations to the store we will commence at once AN IMMENSE SACRIFICE SALE throughout the entire store. We are not going to pack away an article. Prices will be made to move stocks quickly.

This month of July will be the busiest month among Dry Goods this city has ever known.

The little annoyance of the hammer and saw will be more than repaid by the bargains to be had.

GREAT CARPET REDUCTIONS.

The lowest prices ever given on Fine New Carpetings. Grand new fine Moquettes and Axminsters for fall have just arrived and will be sold at prices during this sale that will surprise everybody. This is merely a hint of the reductions on all grades of Carpets.

Lace Curtains in the reduction.

All muslin Underwear reduced in price.

Men's Summer Underwear, Women's and Children's Underwear will be sold at cost.

Dress Goods and Woolens will be sold at ½ and ⅓ value—some ¼ their value.

All Cotton Goods and Wash Fabrics will be reduced to a price pleasing to every one.

Women's Tailor Made Suits at Half Price.

Watch the doings of this alteration sale during the month of July.

Mrs. George Pontius, of Columbia City, was shopping in the city yesterday.

Miss Nellie Carl is entertaining her cousin, Miss Kittie McCarthy, of Garrett.

Mrs. William Owens will leave today for Savannah, Mo., to reside permanently.

A lawn fete will be given Friday night at the home of John Hayden, on Thompson avenue.

W. E. Doud and family have returned from the lake and are in their new house on Broadway.

Robert Cook has returned from Portland, Ind., where he was the guest of friends for several days.

Mrs. Brossard, of West Fifth street, returned yesterday morning from a visit with her son at Cleveland.

A. J. Helmick, of New Haven, has accepted a position as bookkeeper for the Indiana Furniture company.

Roy M. C. Rickley has returned to his home in Ottawa, Ill., after a pleasant visit with his college chum, Ralph Bond.

Miss Alta Komer, of Richmond, Ind., has been the guest of her brother, W. O. Komer, of 26 Baker street, the past week.

The condition of J. Ross McCulloch continues to improve steadily, and his friends may see him upon the streets within a day or two.

Misses Lillie and Bertha Clark, who have been the guests of their cousin, Miss Anna Clark, have returned to their home in Columbia City.

Al. Aller, William Urbahns, Michael Walsch and Dave Eckart have gone to Cincinnati to attend the big Elks' meeting and dedication there.

The board of pension examiners has secured quarters in the rooms over the Dreier & Bro.' drug store. The board was recently ousted from the government building.

LOCAL LINES.

The Shamrock club meets tomorrow evening.

Misses Fannie and Bessie Hontz, of Bluffton, visited Fort Wayne friends this week.

Mrs. Anna Hearley, of Huntington, returned home after spending a week in this city giving life readings.

The J. F. F. club will give an ice cream social at the home of Mrs. Ed. Crosby, No. 30 South Wayne avenue, this evening.

MRS. RORER ON COMPLEXION.

Not a Matter of Outward Application.

Mrs. Rorer answers, in the Ladies' Home Journal, an enquirer about good complexion, "reciting that it can only come from a healthy condition of the entire system and that it is not a matter of outward application, finishing with the statement that "Your food cannot possibly agree with you if you have muscular rheumatism and a bad complexion."

It is a known fact that many people fail to properly digest the starchy part of bread and other food. Grape-Nuts (a delightful breakfast food) are made of the grape sugar which results from preparing the starchy parts of the cereals, in the same way artificially as the body should do by natural processes. Therefore Grape-Nuts give one food all ready for immediate assimilation into blood and tissue They are made by the Postum Co. at Battle Creek, Mich., and are ready prepared, requiring no cooking whatever and will be found most valuable by Athlete, Brain worker or Invalid.

OUR CELEBRATION

As a nation, our Fourth of July celebration bids fair to eclipse anything we ever saw before so far as noise and patriotic fervor is concerned. Personally we are celebrating the whole summer season by a series of such bargains in carriages as this town never saw before. Come in and see for yourself.
